KAUFMANN HARDWARE IS
EXCLUSIVELY DISTRIBUTED BY

KAUFMANN HARDWARE BRAND STORY

South Africa has a rich landscape that has been shaped and harnessed by the hands of people, whether farmers, builders or conservationists. People working with tools carve progress out of the resources that the land provides. It is this special partnership and interaction with various environments that Kaufmann wants to celebrate. Since 1995 Kaufmann tools has strived to support people and communities who work towards improving their environments, whether that is in the city or on a farm. In 2017 the brand was revamped from the inside out;

Modernised brand identity: The Kaufmann story itself is the inspiration behind the upgraded brand identity. Because of Kaufmann's rich and deep-seated heritage in the agricultural communities of South Africa, inspiration was sought from the land itself.

The Kaufmann icon is a big "K", inspired by the unique bird's eye view perspective of striations across the land. Zig-zagging and traces across our land can be seen where people have been interacting and working with their environments.

International range benchmarking – The entire range of Kaufmann tools has been benchmarked in terms of quality and design against best in-class products for the DIY market internationally.

Eye catching & quality packaging – The entire Kaufmann Hardware range comes with read-to-display on shelf packaging, consistently applied across SKU's.

Factory audits – All Kaufmann factories are now A-Graded according to international audit standards. A-Graded factories must meet strict control standards in terms of labour rights and standards, working conditions, quality checks, raw material checks, environmental concerns, research and development, six sigma process philosophy and manufacturing excellence.

Kaufmann-Built Value – Building tools, measuring tools, striking tools, grinding tools and cutting tools are all on the shopping list. Durability and quality are key here, as well as affordability. Kaufmann Hardware tools are well-priced and great quality. The majority of Kaufmann Hardware products also come with a Lifetime Warranty against materials and factory faults.

Kaufmann Hardware is exclusively distributed by Agrinet. Agrinet's extensive delivery capability, coupled with break-bulk services, credit facilities, national after-sales support, in-market and in-store sales and merchandising support teams, as well as continued marketing/brand investment, is what will secure the future growth of the Kaufmann Hardware brand in the future.

TOOLKITS

8 PIECE SPANNER SET R/O

Combination spanner set with flat open and offset ring for fastening and loosening of deep-inset nuts or bolts.

- Chrome vanadium
- 1B pattern
- Complies with SABS Standard 1112-976, DIN 3113, ISO 3318 and 31 CRV3 specifications
- Sizes Included: 10, 11, 12, 13, 14, 15, 16 and 17 mm

HW0021222	10-17 mm
-----------	----------

12 PIECE SPANNER SET R/O

Combination spanner set with flat open and offset ring for fastening and loosening of deep-inset nuts or bolts.

- Chrome vanadium
- 1B pattern
- Complies with SABS Standard 1112-976, DIN 3113, ISO 3318 and 31 CRV3 specifications
- Sizes Included: 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16 and 17 mm

HW0021230	6-17 mm
-----------	---------

14 PIECE SPANNER SET R/O

Combination spanner set with flat open and offset ring for fastening and loosening of deep-inset nuts or bolts.

- Chrome vanadium
- 1B pattern
- Complies with SABS Standard 1112-976, DIN 3113, ISO 3318 and 31 CRV3 specifications
- Sizes Included: 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22 mm

HW0021240	8-22 mm
-----------	---------

17 PIECE SPANNER SET R/O

Combination spanner set with flat open and offset ring for fastening and loosening of deep-inset nuts or bolts.

- Chrome vanadium steel
- Complies to SABS 112-1976 and DIN 3113 specifications
- Sizes Included: 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22 mm

HW0021600	6-22 mm
-----------	---------

19 PIECE SPANNER SET R/O

Combination spanner set with flat open and offset ring for fastening and loosening of deep-inset nuts or bolts.

- Chrome vanadium steel
- Complies to SABS 112-1976 and DIN 3113 specifications
- Sizes Included: 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 23 and 24 mm

HW0021626	6-24 mm
-----------	---------

10 PIECE SOCKET 1/2 DRIVE SET

A selection of socket sizes to be used with a ratchet drive to tighten or loosen nuts.

- Chrome vanadium steel
- 1/2 Inch Contact drive
- Included in set: 10, 11, 12, 13, 14, 15, 16, 17, 18, & 19 mm plus socket holder

HW0011824	10-19 mm
-----------	----------

25 PIECE SOCKET 1/2 DRIVE SET

A selection of socket sizes to be used with a ratchet drive to tighten or loosen nuts.

- Chrome vanadium steel
- 1/2 Contact drive
- Included in set: 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 27, 30, 32 mm sockets, Ratchet, T-Bar, Power Bar, Universal Joint, 125 and 250 mm extension packed in a metal box

HW0011821	10-32 mm
-----------	----------

16 PIECE SOCKET 1/4 DRIVE SET

A selection of socket sizes to be used with a ratchet drive to tighten or loosen nuts.

- Chrome vanadium steel
- 1/4 Inch Contact drive
- Included in set: 4, 4.5, 5, 5.5, 6, 7, 8, 9, 10, 11, 12 mm sockets. 50 mm & 150 mm Extension, Ratchet, Cross Bar and Strong Handle packed in a Metal box

HW0011800	4-12 mm
-----------	---------

RATCHET DRIVE

A ratchet tool with a series of detachable sockets for tightening and loosening nuts of different sizes.

- Chrome vanadium steel

HW0262001	1/2 INCH
HW0220035	1/4 INCH

SOCKET EXTENSION 1/2 DRIVE

An extension used with a ratchet drive & socket attachment to tighten or loosen nuts.

- Chrome vanadium steel

HW0262021	75 mm
HW0262028	125 mm
HW0262031	200 mm

SOCKET 1/2 INCH DRIVE

Used with a ratchet drive to tighten or loosen nuts.

- Chrome vanadium steel
- Flank or contact drive

HW0218001	8 mm

HW0218074	27 mm
HW0218084	30 mm
HW0218088	32 mm

SOCKET SLIDING T-BAR 1/2 DRIVE

Used for driving manually operated sockets. The tool has a large leverage handle which allows application of force comfortably.

- Chrome vanadium steel

HW0262009

SOCKET SPEED BRACE 1/2 DRIVE

Quickly tighten or remove nuts manually.

- Chrome vanadium steel

HW0262035

ADJUSTABLE WRENCH PACKED

Spanner with jaws which is adjustable to fit nuts & bolts up to 19mm

- Chrome vanadium steel with hardened adjustment nut

HW3011006	150 mm
HW3011017	200 mm
HW3011028	250 mm
HW3011039	300 mm

PIPE WRENCH

An ideal wrench for pipe work close to a wall, in tight quarters or in closely spaced parallel lines.

- High grade carbon steel jaws
- Heavy Duty cast handles

HW3011509	250 mm
HW3011520	300 mm
HW3011531	350 mm
HW3011542	450 mm
HW3011560	600 mm
HW3011570	900 mm

3 PIECE SET MICRO PLIERS

Ideal for light electrical work, micro work or DIY projects where grip on tiny / smaller objects is required.

- 120 mm Light duty pliers
- Set Includes: Side cutter, long nose and flat nose pliers.

HW0440305	120 mm
-----------	--------

5 PIECE SET MICRO PLIERS

Ideal for light electrical, micro work or DIY projects where grip on tiny / smaller objects is required.

- 120 mm Light duty pliers
- Set includes: Side cutter, long nose, long nose bent, flat nose and end cutting pliers.

HW0440303	120 mm
-----------	--------

3 PIECE SET SOFT HANDLE PLIERS

Ideal for General DIY Projects.

- 200 mm Light Industrial use pliers
- Chrome vanadium steel
- Soft handles for extra grip
- Set Includes: Combination pliers, Side Cutter & Long Nose Pliers.

HW0440300	200 mm
-----------	--------

PLIERS COMBINATION INSULATED

Ideal for heavy-duty and general use. Used to hold objects firmly, twist objects or cut wire.

- Chrome vanadium steel
- Includes cutting jaw
- Fully insulated handles

HW0450319	200 mm
-----------	--------

PLIERS COMBINATION

Ideal for general use. Used to hold objects firmly, twist objects or cut wire.

- Chrome vanadium steel
- General use for cutting steel

HW0450301	150 mm
-----------	--------

HW0450312	200 mm
-----------	--------

PLIERS COMBINATION SOFT HANDLE

Used to hold objects firmly & comfortably, twist objects or cut wire.

- Chrome vanadium steel
- Soft grip

HW0450330	150 mm
-----------	--------

HW0450340	200 mm
-----------	--------

PLIERS CRIMPING ELECTRIC

For crimping electrical connections.

- Ideal for crimping 1.5, 2.5 & 6 mm connections
- Includes a cutter and wire stripper

HW0460893

PLIERS CRIMPING ELECTRIC SET

For crimping electrical connections.

- Ideal for crimping variety of connections
- Includes a cutter and wire stripper

HW0461032 SET

PLIERS FENCE

For pulling, cutting, bending & tying off fencing wire.

- Chrome Vanadium Steel
- 3 x wire-cutting jaws included

HW0440311 250 mm

HW0440373 300 mm

PLIERS LONG NOSE

Ideal for getting into tight spots in order to bend & shape wire.

- Chrome vanadium steel
- Long, narrow jaws and cutter

HW0460530 150 mm

HW0460551 200 mm

PLIERS LONG NOSE INSULATED

Ideal for getting into tight spots in order to bend & shape wire.

- Chrome vanadium steel
- Long, narrow jaws and cutter
- Insulated handles

HW0460562 200 mm

PLIERS LONG NOSE SOFT HANDLE

Ideal for getting into tight spots in order to bend & shape wire.

- Chrome vanadium steel
- Long, narrow jaws and cutter
- Soft-grip handles

HW0460580 150 mm

HW0460590 200 mm

VICE GRIP

Pliers that can be locked into position, using an over-centre action.

- Chrome vanadium steel
- Ideal for general use

HW3010714	175 mm
HW3010725	250 mm

VICE GRIP LONG NOSE

Pliers that can be locked into position, using an over-centre action. Long jaw makes this plier ideal to work in small and confined spaces.

- Chrome vanadium steel
- Fully adjustable pipe grip

HW3010732	175 mm
-----------	--------

WATER PUMP PLIERS

Water Pump Pliers have a wide jaw capacity which allows for a variety of uses.

- Chrome vanadium steel
- Hardened nut and bolt for extra strength
- Adjustable jaws

HW0520822	250 mm
HW0520830	300 mm
HW0520845	400 mm

6 PIECE SCREWDRIVER SET SOFT GRIP

Screwdriver set for around the home or farm.

- Chrome vanadium steel
- Set Consists of:
 - 3.5 x 75
 - 4 x 100
 - 6.5 x 100
 - 8 x 150 mm flat screwdrivers & No. 1 x 75 & No. 2 x 100 Phillips screwdrivers
- Back tipped with soft handles

HW1260910	SET
-----------	-----

8 PIECE SCREWDRIVER SET SOFT GRIP

Screwdriver set for around the home or farm.

- Chrome vanadium steel
- Set Consists of:
 - 4 flat tipped & 4 Phillips tipped screwdrivers
- Black tipped

HW1260900	SET
-----------	-----

9 PIECE SCREWDRIVER SET

Screwdriver set for around the home or farm.

- Green, high impact Cellulose moulded handles with chrome vanadium blades.
- Set Consists of:
 - 6 x 40
 - 3.7 x 75
 - 4 x 100
 - 6 x 150
 - 6.5 x 125
 - 8 x 150
 - 10 x 175
 - No.1 x 80
 - No.2 x 100

HW1261000	SET
-----------	-----

6 PIECE SCREWDRIVER SET JEWELER/MICRO

Precision screwdriver set for delicate and accurate work.

- Set Consists of:
 - 1.0 mm
 - 1.2 mm
 - 1.8 mm
 - 2.4 mm
 - 3.0 mm
 - 3.5 mm

HW1260839 SET

7 PIECE SCREWDRIVER SET BIT

Various screwdriver bit heads to use with a cordless drill.

- 7 Piece bit box
- The kit consists of:
 - Star 1, Star 2, Posi 1, Posi 2
 - 4.5mm flat bit & 7mm flat bit
- All the items are stored in a dial-a-box
- Chrome vanadium steel construction and the power bar has a 6 mm shaft that fits into a cordless drill chuck

HW1243000 SET

33 PIECE SCREWDRIVER SET BIT

Various screwdriver bit heads to use with a cordless drill.

- 33 Piece screwdriver bit set.
- The set consists of:
 - Hex allen keys 2, 2.5, 3, 4, 5, & 6 mm
 - Torx star T10, T15, T20, T25, T30, T40
 - Flat points 3, 4, 5, 6, & 7 mm
 - One star point 0,
 - Two star points 1,
 - Three star points 2,
 - Two star points 3,
 - Two Posi 1,
 - Three Posi 2 and
 - Two Posi 3.
- The set includes a 6 mm magnetic bit holder that fits into the chuck of a cordless drill

HW1243010 SET

SCREWDRIVER INSULATED FLAT

Insulated electrician's screwdriver, with insulated handle to provide additional protection against surges when working with potentially live wires.

- Insulated screwdriver designed for safe electrical use
- Tested up to 1 000 Volts
- Soft grip handle for greater comfort

HW1246000 0.6 x 3.5 x 75 mm

HW1246010 0.8 x 4 x 100 mm

SCREWDRIVER INSULATED PHILLIPS

Insulated electrician's screwdriver, with insulated handle to provide additional protection against surges when working with potentially live wires.

- Insulated screwdriver designed for safe electrical use
- Tested up to 1 000 Volts
- Soft grip handle for greater comfort

HW1246020 PH1 x 5 mm

HW1246030 PH2 x 100 mm

SCREWDRIVER ENGINEER WITH EXTRA LONG SHAFT (E/L/S)

To fasten/loosen slotted screws.

- Green, high impact Cellulose moulded handle
- Chrome vanadium shaft
- Black magnetised tip
- Straight shaft
- Flat point

HW1245006 4 x 150 mm

HW1245012 6 x 150 mm

SCREWDRIVER ENGINEER

To fasten/loosen slotted screws.

- Green, high impact Cellulose moulded handle
- Chrome vanadium shaft
- Black magnetised tip
- Straight shaft
- Flat point

HW1245018	6.5 x 100 mm
HW1245024	6.5 x 175 mm
HW1245030	8 x 125 mm

SCREWDRIVER FLAT

To fasten/loosen slotted screws.

- Handle Marked on Top For Ease of Selection
- Comfortable Soft Grip handle
- Chrome vanadium shaft
- Black magnetised tip

HW1245100	3 x 75 mm
HW1245110	4 x 100 mm
HW1245120	5 x 150 mm
HW1240115	5 x 75 mm
HW1240125	6 x 100 mm
HW1245130	6 x 200 mm
HW1245140	8 x 200 mm

SCREWDRIVER PHILLIPS

To fasten/loosen star slotted screws.

- High Impact Cellulose moulded handle
- Chrome vanadium shaft
- Black magnetised tip

HW1245048	PH0 x 60 mm
HW1245160	PH1 x 100 mm
HW1245054	PH1 x 80 mm
HW1245060	PH2 x 100 mm
HW1245170	PH2 x 150 mm
HW1245066	PH3 x 150 mm
HW1245180	PH3 x 200 mm

BENCH VICE ENGINEERING

To clamp objects and hold them securely on a work bench.

- Heavy duty engineer vice grip made from heavy duty metal
- Welded-on anvil

HW1100525	100 mm
HW1100530	150 mm

BENCH VICE

To clamp objects and hold them securely on a work bench.

- General purpose

HW3010502	150 mm
-----------	--------

G-CLAMP

Multipurpose clamp used for clamping surfaces together during fabrication adding an extra hand to the job.

- Multi purpose clamp
- Various uses for metal- and woodworking

HW1101440	75 mm
HW1101445	100 mm
HW1101448	150 mm
HW1101453	200 mm

SASH CLAMP

Multipurpose clamp used for clamping surfaces together during fabrication adding an extra hand to the job.

- Adjustable woodworking clamp
- Ideal for working with big, flat pieces of wood

HW1101400	600 mm
HW1101404	750 mm
HW1101409	1000 mm
HW1101413	1250 mm

10 PIECE ALLEN KEY SET

Used to fasten bolts & screws with hexagonal sockets.

- Chrome vanadium steel
- Set includes: 1.5, 2, 3, 4, 5, 6, 7, 8, 9 & 10mm

HW0320617	1.5-10 mm
HW0320757	1/16-1/2 INCH

13 PIECE ALLEN KEY SET

Used to fasten bolts & screws with hexagonal sockets.

- Chrome vanadium steel
- Set Includes: 1.5, 2.0, 2.5, 3.0, 4.0, 5.0, 6.0, 7.0, 8.0, 9.0, 10.0, 12.0 & 14.0mm
- Packed in a plastic pouch with divisions

HW0320838	1-14 mm
-----------	---------

25 PIECE ALLEN KEY SET

Used to fasten bolts & screws with hexagonal sockets.

- Chrome vanadium steel
- Set Includes: 3/8, 5/16, 1/4, 7/32, 3/16, 5/32, 9/64, 1/8, 7/64, 3/32, 5/64, 1/16, 1/20 - 1.3, 1.5, 2, 2.5, 3, 4, 5, 5.5, 6, 7, 8 & 10mm

HW0320842	3/8-10 mm
-----------	-----------

BASIN WRENCH

Used to fasten and loosen taps from basins.

- Includes swivel head for tight spots

HW0423001	300 mm
-----------	--------

OIL FILTER WRENCH CHAIN TYPE

For tightening/loosening of oil filters or all pipe sizes.

- Self adjusts for various sizes up to 120mm
- Single chain type

HW0280690	
-----------	--

WHEEL SPANNER CROSS CAR

Universal Wheel Spanner set.
For fastening and loosening of wheel nuts or bolts.

- 4 Way Wheel Spanner
- Chrome vanadium steel
- Includes sizes: 17 mm, 19 mm, 21 mm & 22 mm

HW0340057	17 - 22 mm
-----------	------------

PLUG SPANNER T-HANDLE

Socket with T-handle for removal of spark plugs in petrol driven motors.
Ideal for removal of Spark Plugs from most petrol motors.
High torque with fixed "T" Handle.

- Chrome vanadium steel

HW0280135	21 mm
-----------	-------

PLUG SPANNER SOCKET 1/2 DRIVE

Socket with longer reach for removal of spark plugs in petrol driven motors.

- Chrome vanadium steel
- 12.5 mm
- 1/2 Drive

HW0280410	21 mm
-----------	-------

22 PIECE SOCKET & SCREWDRIVER BIT SET

Set including a selection of sockets and screwdriver bits.

- Chrome vanadium steel
- Socket set consists of:
 - T-handle,
 - 9 x Piece socket set 5-13mm
 - 1 x Extension bar
 - 10 x Piece screwdriver bit set
 - Phillips 1 & 2
 - Trox T15 & T16
 - Flat 4 & 5 mm
 - Pozi PZ1 & PZ2
 - Allen 4 & 5 mm

HW0010240	SET
-----------	-----

STRIKING TOOLS

- Lifetime Warranty /
- Ergonomic Handle /
- Highest Quality Forged Steel /
- No Vibration While Handling /
- Toughened Heads with Uniformed /
- Hardness on the Opening /
- Reliable & Safe to Use /
- Perfect Joint Between Handle & Head /

KAUFMANN

In the market since 1995, Kaufmann has been a trusted partner in providing quality hardware products, built to get the job done.

COMPLIES WITH STANDARDS:
SANS 387

CLAW HAMMER FIBRE-GLASS SHAFT

A claw hammer has one side of the head split and curved, and is used for extracting nails.

- Carbon steel, drop forged, heat treated, hardened, tempered and belt polished head
- Fibre-glass shaft with rubber grip
- High-strength fibreglass handle core helps absorb vibrations
- Rubber grip to reduce slippage and increase comfort

HW0910198	450 g
-----------	-------

CLAW HAMMER POLY HANDLE

A claw hammer has one side of the head split and curved, and is used for extracting nails.

- Carbon steel, drop forged, heat treated, hardened, tempered and belt polished head
- Polypropelene handle with rubberised grip

HW0900700	450 g
HW0900710	700 g

CLAW HAMMER STEEL SOLID SHAFT

A claw hammer has one side of the head split and curved, and is used for extracting nails.

- Solid steel shaft with rubber grip

HW0910241	450 g
-----------	-------

CLAW HAMMER STEEL TUBULAR SHAFT

A claw hammer has one side of the head split and curved, and is used for extracting nails.

- Tubular steel shaft with rubber grip

HW0910058	500 g
-----------	-------

CLAW HAMMER WOODEN HANDLE

A claw hammer has one side of the head split and curved, and is used for extracting nails.

- Carbon steel, hardened and tempered, epoxy coated head
- Wooden handle
- Replacement handle code: HW0951099

HW0900014	450 g
HW0900107	560 g

BALL PEIN HAMMER FIBRE-GLASS SHAFT

Hammer ideally used to strike cold chisels, punches, and for riveting, shaping and straightening metal.

- Unbreakable fibre handle with rubber grip
- High-strength fibreglass handle core helps absorb vibrations
- Rubber grip to reduce slippage and increase comfort

HW0910260	500 g
-----------	-------

BALL PEIN HAMMER POLY HANDLE

Hammer ideally used to strike cold chisels, punches, and for riveting, shaping and straightening metal.

- Carbon steel, drop forged, heat treated, hardened, tempered and belt polished head
- Polypropylene handle with rubberised grip

HW0920800	200 g
HW0920810	350 g
HW0920820	450 g
HW0920830	700 g
HW0920840	900 g

BALL PEIN HAMMER WOODEN HANDLE

Hammer ideally used to strike cold chisels, punches, and for riveting, shaping and straightening metal.

- Carbon steel, drop forged, heat treated, hardened, tempered and belt polished head
- Polypropylene handle with rubberised grip
- Replacement Wooden handle codes: HW0952109 (300mm), HW0952249(350mm), HW0952397(400mm)

HW0920046	200 g
HW0920047	300 g
HW0920049	500 g
HW0920051	700 g
HW0920052	1000 g

CLUB HAMMER POLY HANDLE

A hammer useful for light demolition work, driving masonry nails, and for use with a steel chisel when cutting stone or metal.

- Carbon steel, drop forged, heat treated, hardened, tempered and belt polished head
- Polypropylene handle with rubberised grip

HW0930404	1.1 kg
HW0930406	1.8 kg

CLUB HAMMER WOODEN HANDLE

A hammer useful for light demolition work, driving masonry nails, and for use with a steel chisel when cutting stone or metal.

- Carbon steel head
- Hard wood handle
- Replacement Handle code: HW0952532

HW0930400	1.1 kg
-----------	--------

SLEDGEHAMMER POLY HANDLE

A large, heavy hammer ideal for jobs like breaking rocks and driving in fence posts.

- Carbon steel, hardened & tempered head.
- Polypropylene handle with rubberised grip.

HW0941200	1.8 kg
HW0941210	3.6 kg
HW0941215	6.3 kg

RUBBER HAMMER PLASTIC HANDLE

A rubber headed hammer, which is used when a softer blow is called for, rather than one delivered by a metal hammer.

- Imported rubber hammer with a round face and steel reinforced handle
- Striking face is 66mm and it weighs 700g
- An ideal hammer for the camper and general use

HW0940927	700 g
-----------	-------

WOOD CHISEL

Chisel ideal for carving or cutting a hard material such as wood by hand, can be struck with a mallet, or with mechanical power.

- Bevel edge British pattern
- Polypropylene high impact handle
- Blade is drop forged from high carbon steel and tempered

HW1592030	6 mm
HW1592037	10 mm
HW1592042	12 mm
HW1592046	16 mm
HW1592053	19 mm
HW1592055	25 mm

PUNCH SET LETTER A-Z

Used to mark steel or wood with letters by striking the punch with a hammer

- Contains all the letters in the English alphabet.

HW1603175	3 mm
HW1603310	6 mm
HW1603361	10 mm

PUNCH SET NUMBERS

Used to mark steel with numbers by striking the punch with a hammer

- Contains all the letters in the English alphabet.

HW1603426	3 mm
HW1603469	5 mm
HW1603604	10 mm

CUTTING TOOLS

- Lifetime Warranty /
- Off Centre Screw Adjustment of Blades /
- High Cutting Capacity /
- High Carbon Steel Blade /
- Safety Stops /
- Induction Tempered Edges /
- Cutting Hardness +/- 58 HRC /

KAUFMANN

In the market since 1995, Kaufmann has been a trusted partner in providing quality hardware products, built to get the job done.

SIDE CUTTER PLIERS

Pliers designed for cutting various wires.

- Chrome vanadium steel
- Dipped handle

HW0500752	150 mm
HW0500771	175 mm

SIDE CUTTER PLIERS

Pliers designed for cutting various wires.

- Chrome vanadium steel
- Dipped handle
- Heavy duty

HW0500784	200 mm
-----------	--------

SIDE CUTTER PLIERS INSULATED

Pliers designed for cutting various wires.

- Chrome vanadium steel
- Insulated handles

HW0500780	200 mm
-----------	--------

SIDE CUTTER PLIERS SOFT HANDLE

Pliers designed for cutting various wires.

- Chrome vanadium steel
- Soft grip handle for extra comfort

HW0500800	150 mm
HW0500810	200 mm

BOLT CUTTER HI-TENSILE

For cutting mild steel and round bar steel.

- High tensile steel jaws
- Drop forged CR-MO steel blades
- Clearance can be adjusted
- Replaceable jaw codes: HW0550507 & HW0550833

HW0550108	350 mm
HW0550115	450 mm
HW0550124	600 mm
HW0550264	750 mm
HW0550418	900 mm

HACKSAW JUNIOR BLADES 10 PIECE SET

Junior Hacksaw Spare Blades for delicate & general purpose cutting of steel and plastic.

- Blades made of high grade carbon steel for maximum life and functionality 65 TPI Blades
- Replacement blades for Junior Hacksaw: HW1923072

HW1923110	SET
-----------	-----

HACKSAW

Ideal for sawing steel or plastic.

- 300mm Blade
- Adjustable to 45 or 90 degrees
- Spare universal blades available
- Saw blade can be rotated to 180 degrees for making angular & internal cuts

HW1922551	300 mm
-----------	--------

HACKSAW ALUMINIUM FRAME

Ideal for sawing steel or plastic.

- Lightweight hacksaw due to aluminium construction
- Spare blades available

HW1923075	150 mm
-----------	--------

HACKSAW JUNIOR

For delicate cutting of steel and plastic.

- Blades made of high grade carbon steel for maximum life and functionality 65 TPI Blades
- Replacement blade code: HW1923110

HW1923072	150 mm
-----------	--------

HACKSAW PROFESSIONAL

Ideal for sawing steel or plastic.

- Adjustable to 45 or 90 degree angles
- Rubber handle for better grip
- Quick lever action to change or replace blades

HW1922550	300 mm
-----------	--------

HACKSAW SAW HF12

Ideal for sawing steel or plastic.

- Blade is adjustable to 45 and 90 degrees

HW1922549

HAND SAW PLASTIC HANDLE

Used for general woodworking.

- Cross-cut wood hand saw
- Poly handle & polished blade
- 2 Component handle
- Triple ground teeth 8T/9P
- 65 TPI Blade

HW1924000	600 mm
-----------	--------

COPING SAW WITH 5 BLADES

For delicate cutting of wood and plastic as well as making curved cuts on thinner materials.

- 5 Blades included:
 - 1 x Fine Cut
 - 2 x General Cut
 - 1 x Fast Cut
 - 1 x Extra Fine Cut B
- Replacement Blades code HW1923226

HW1923153 175 mm

COPING SAW 10 PIECE BLADE SET

For delicate cutting of wood and plastic as well as making curved cuts on thinner materials.

- Blades made of high quality carbon steel
- Coping saw replacement blades for coping saw HW1923153
- 5 TPI Blades
- General Purpose

HW1923226 SET

UTILITY KNIFE W/SNAP OFF BLADE

A multipurpose knife used for general cutting ideal for crafts and DIY work requiring a sharp blade

- Utility knife with snap-off blades
- Also known as a carpet knife
- ABS Material
- TPR Grip
- Strong Metal Sheath
- 1x18 mm Carbon steel blade
- Spare blades code: HW1762260

HW1762250

UTILITY KNIFE HEAVY DUTY WITH BLADES

A multipurpose knife used for general cutting required in crafts and DIY projects where a sharp blade is ideal.

- Zinc alloy body with grip handle
- Retractable Blade function
- X6 Carbon steel self-loading blades included and stored in body of knife for easy access
- Replacement blades code: HW1762354

HW1762214

UTILITY KNIFE WITH FIXED BLADE

A multipurpose knife used for general cutting required in crafts and DIY projects where a sharp blade is ideal.

- Sturdy Zinc alloy body
- Replaceable carbon steel blade
- Replacement blades code: HW1762354

HW1762206

UTILITY KNIFE WITH RETRACTABLE BLADE

A multipurpose knife used for general cutting required in crafts and DIY projects where a sharp blade is ideal.

- Aluminium alloy body.
- Replaceable carbon steel blade
- Replacement blades code: HW1762354

HW1761944

UTILITY KNIFE 10 PIECE SNAP OFF REPLACEMENT BLADES

A multipurpose knife used for general cutting ideal for crafts and DIY work requiring a sharp blade

- High grade carbon steel
- For long life & sharp edge
- 18 x 100 x 0.5mm blade
- Replacement blades for utility knife at code HW1762250

HW1762260	SET
-----------	-----

UTILITY KNIFE 10 PIECE REPLACEMENT BLADES

A multipurpose knife used for general cutting ideal for crafts and DIY work requiring a sharp blade

- High grade carbon steel for long life and sharp edge
- Blade for utility knife HW1762206 and HW1761944
- Also used on window scraper HW1740790

HW1762354	SET
-----------	-----

WIRE STRIPPER PLIERS

For manually stripping electrical wire up to 0.2-3.0 mm in size.

HW0520640	20 mm
-----------	-------

WIRE STRIPPER PLIERS HEAVY DUTY

For automated stripping of all sizes of electrical wire.

HW0520636	Various
-----------	---------

TIN SNIPS

Ideal tool for cutting sheet metal.

- Hardened carbon steel jaws
- Spring action handle

HW0590200	250 mm
-----------	--------

AVIATION SNIPS RIGHT

Ideal tool for cutting sheet metal.

- Hardened carbon steel jaws
- Right cut angle blades
- Insulated handle

HW0590184	250 mm
-----------	--------

CUTTER GLASS

Used to score and cut glass. Cuts by means of single cutting wheel.

- Cut thickness: 2-4 mm
- Blade Length: 175 mm
- Diamond & Iron glass cutter
- Chrome plated brass body
- Wooden Handle

HW1730173	175 mm
-----------	--------

AVIATION SNIPS STRAIGHT

Ideal tool for cutting sheet metal.

- Hardened carbon steel jaws
- Straight cut angle blades
- Insulated handle

HW0590180 250 mm

PIPE CUTTER

Ideal for cutting pipes made of: Copper, Aluminium, Light gauge, Stainless steel, Steel, Polypropylene and PVC.

- Cuts pipe sizes between 3-30 mm in diameter
- Bearing steel blade
- Aluminium alloy body
- Retractable deburring tool
- Slotted guide rollers

HW1140132 3-30 mm

TILE CUTTER 3-IN-1

Versatile tile, angle and circle cutter for the professional and DIY users.

- The capacity of this machine makes it suited to cut floor and wall tiles up to 400 mm in size
- Includes angle and circle cutter for pipes and plumbing work

HW1730463 400 mm

HOLE SAW WOOD 5 PIECE SET

Wood hole saw set ideal for electricians, carpenters and plumbers.

- Bi-Metal for fast cutting with HSS teeth
- Variable pitch teeth to have better chip clearance
- Knock out hole for plug removal
- Set includes:
 - 32 mm Saw
 - 38 mm Saw
 - 44 mm Saw
 - 54 mm Saw
- Drill Bit for centering
- Arbour

HW1923370 SET

SPARE CUTTING WHEEL FOR TILE CUTTER

Spare cutting wheel.

- Fits tile cutter HW1730463

HW1730465

TILE CUTTER

Versatile tile cutter for the professional and DIY users.

- Ideal for cutting floor and wall tiles up to 400 mm in size.

HW1730460 400 mm

TILE CUTTING COMBINATION PLIERS

Cut and then separate tiles with these combination pliers.

- Ideal for DIY and small jobs
- Suitable for wall & floor tiles

HW1730469

MEASURING TOOLS

Lifetime Warranty /
CE Certified /
Maximum Working Life of the Retractable Tape /
Strong Bending Tape /
Maximum Grip /

KAUFMANN

In the market since 1995,
Kaufmann has been a trusted
partner in providing quality
hardware products, built to get
the job done.

TAPE MEASURE CR90

Used for measuring long lengths. Flexible for easy measuring around angles and curves.

- Metric tape measure- marked in mm and in cm
- Quick release function
- ABS plastic case with a rubber body
- Top lock mechanism and a belt clip
- Wrist sling
- On the side and bottom it has a hold function
- On the front is a magnet, that will give you a free hand when measuring steel

HW1030280	3m x 16mm
HW1030283	5m x 25mm
HW1030287	8m x 25mm
HW1030291	10m x 25mm

TAPE MEASURE ALL STEEL BLADE

Used for measuring long lengths. Flexible for easy measuring around angles and curves.

- ABS Silver coated plastic cover
- Metric measurement
- Belt clip
- Locking mechanism

HW1030281	16mm x 3m
HW1030284	25mm x 5m
HW1030288	25mm x 8m

TAPE MEASURE FIBRE GLASS

Used for measuring extra long lengths as required on a building site.

- Plastic ABS casing with a wind-up reel
- Flexible tape
- Markings clearly visible
- Double sided markings in mm, cm & m
- Easy to clean with a wet cloth

HW1034051	10m
HW1034058	20m
HW1034061	30m

TAPE MEASURE FIBRE GLASS CRP-J3

Used for measuring extra long lengths as required on a building site.

- Plastic ABS casing with a wind-up reel
- Flexible tape
- Markings clearly visible
- Double sided markings in mm, cm & m
- Easy to clean with a wet cloth

HW1034066	20m
HW1034069	30m
HW1034072	50m
HW1034075	100m

MEASURING WHEEL

For continuous measuring up to 10km. Suited for measuring of roads, dams, irrigation schemes, construction sites & buildings. Ideal for determining approximate distances to calculate costs.

- 2 Piece Foldable Steel Handle for easy storage
- Storage bag supplied

HW1050000	10 km
-----------	-------

STEEL RULER

Sturdy steel ruler for measurements.

- Stainless Steel
- Metric measurements
- Handy hook hole for easy storage

HW1040197	300mm
HW1040210	500mm
HW1040332	600mm
HW1040472	1000mm

VERNIER NYLON

Measures internal & external distances, dimensions & depth.

- Precision vernier caliper made of nylon
- Used to measure inside and outside dimensions for items such as bolts and nuts

HW2710188	150mm
-----------	-------

VERNIER STEEL

Measures internal & external distances, dimensions & depth.

- Precision steel vernier caliper
- Used to measure inside and outside dimensions for items such as bolts and nuts

HW2710200	150mm
-----------	-------

FEELER GAUGE 26 BLADE METRIC

Used to measure the clearance between two parts.

- To measure and adjust plug and point gaps
- 26 Individual measurement blades
- 90 mm hardened spring steel blades
- Chrome plated casing
- Blade sizes in mm and inches

HW0331031	26 Blade
-----------	----------

COUNTER HAND TALLY

Small hand-held counter often used in farming for counting animals.

- User friendly.
- Can be used for various applications such as counting sheep.

HW1070061	0-999
-----------	-------

BUILDING TOOLS

Ergonomic & Lightweight /
Flexible High Quality Steel /
Varnished Blades to Prevent Oxidation /

KAUFMANN

In the market since 1995,
Kaufmann has been a trusted
partner in providing quality
hardware products, built to get
the job done.

SPIRIT LEVEL ALUMINIUM

Used to check whether a surface or object is horizontal or vertical.
Can also be used to check if an object is 180 degrees.

- Top quality aluminium level for the DIY and professional user
- 3x Level vials for: horizontal, vertical & 45 degree
- Rubber end caps to absorb Impact

HW1310100	300mm
HW1310103	400mm
HW1310107	600mm
HW1310112	800mm
HW1310115	900mm
HW1310118	1000mm
HW1310123	1200mm

SPIRIT LEVEL TORPEDO

Used to check whether a surface or object is horizontal or vertical.
Can also be used to check if an object is 180 degrees.

- Compact size makes this level ideal to measure small surfaces.
- Made from ABS material with three vials.
- Magnetic base.

HW1311603	230mm
-----------	-------

LINE LEVEL

A line level can attach anywhere on a string line in order to measure the levelness of a surface such as a brick wall.

- Used on building sites for measuring over a long distance.
- Must be in centre of line.

HW1312596

ALUMINIUM SQUARE

A steel square used in carpentry to measure 45° & 90° angles.

- Made of durable aluminium
- Metric measurements

HW1330047	200mm
HW1330195	250mm
HW1330330	300mm

BUILDERS SQUARE

Used to calculate rafter angles as well as octagons and can be used as a diagonal square.

- Measures internal and external angles
- Assists with accurate corners in joinery work
- Black anodized finish for ultimate protection
- Easy to see white calibration

HW1340042	200 x 300mm
HW1340069	405 x 610mm

SQUARE COMBINATION CENTER&ANGLE

Allows for precise measurements in joinery. All-in-one measuring tool. Measures height for setting up of blades. Saw blades can be calibrated.

- 300mm Metal combination square with a centre and angle finder.
- Measures height for setting up of blades.
- Saw blades can be calibrated.
- The square is adjustable with a level and a metal marking gauge/scraper
- Can measure 45 and 90 degree angles
- The ruler is marked in mm and cm
- The angle finder has a built in level and can measure straight edges as well as horizontal levels
- The centre finder is used to measure the centre of circles or round based items and can also be used as a depth gauge

HW1342057 300mm

BUILDING LINE

Used as level for building with bricks.

- 70LB Strain Durable nylon

HW1720300 0.85 x 100mm

SQUARE ADJUSTABLE

An adjustable square is a tool used in construction and carpentry to determine if a component is perfectly square.

- The bevels are especially useful for marking dovetails and other unusual angles.
- Blade is fully adjustable and can be locked with a nut.
- Plastic handle.

HW1342060 200mm

SQUARE COMBINATION

Combination of 45 and 90 degree try square, rule, scriber and water level.

HW1342053 300mm

FLOAT PLASTIC

Used to level and float floors.

- Manufactured from ABS Plastic

HW1700150 280mm

FLOAT WOODEN

Used to level and float floors.

- Manufactured from Saligna wood
- Damp proof

HW1700146 300 x 20mm

TROWEL BRICK PLASTIC HANDLE

Used in brickwork or stonework for leveling, spreading and shaping mortar or concrete. Comes in several shapes and sizes depending on the task.

- Carbon steel blade, hardened and tempered
- Blade is fully ground and has a lacquered finish for corrosion protection
- Hardened steel tang is drop forged in one piece and is CO² welded to the blades for strength & durability
- Transparent plastic handle

HW1700626	300mm
-----------	-------

TROWEL BRICK

Used in brickwork or stonework for leveling, spreading and shaping mortar or concrete. Comes in several shapes and sizes depending on the task.

- Carbon steel blade, hardened and tempered
- Blades are fully ground and has a lacquered finish for corrosion protection
- Hardened steel tang is drop forged in one piece and is CO² welded to the blades for strength & durability
- Polished hardwood handles with metal ferrule

HW1700600	250mm
HW1700610	275mm
HW1700620	300mm

TROWEL TILERS/GAUGING

Used for mixing concrete/mortar and applying small amounts in confined spaces.

- Carbon steel blade, hardened and tempered
- Blade is fully ground and has a lacquered finish for corrosion protection
- Hardened steel tang is drop forged in one piece and is CO² welded to the blades for strength & durability
- Polished hardwood handles with metal ferrule

HW1700642	150mm
HW1700638	175mm

TROWEL POINTING

Used to fill and finish cement joints.

- Carbon steel blade, hardened and tempered
- Blade is fully ground and has a lacquered finish for corrosion protection
- Hardened steel tang is drop forged in one piece and is CO² welded to the blades for strength & durability
- Polished hardwood handles with metal ferrule

HW1700635	175mm
-----------	-------

TROWEL MARGIN

Small beveled, rectangular trowel designed to fit into tight spots like spaces around electrical connectors.

- Wooden handle
- Through tang and capped
- Drop forged blade

HW1700646	40 x 90 mm
-----------	------------

TROWEL BRICK CONTINENTAL

Used in brickwork or stonework for leveling, spreading and shaping mortar or concrete. Comes in several shapes and sizes depending on the task.

- Drop forged blade
- Wooden handle
- Tough tang & capped

HW1700628	250mm
-----------	-------

TROWEL 1 GROOVE GRANO JOINTER

Used for applying Granolithic Screed/Concrete.
Usualy for flooring and paving.

- Ensures a good and constant finish
- Solid steel construction
- Lightweight & comfortable, polished, wooden hardwood handle
- Designed to form perfect groove finishes in flooring and steps

HW1700687	150 x 65 mm
-----------	-------------

TROWEL 6 GROOVE GRANO

Used for applying Granolithic Screed/Concrete.
Usualy for flooring and paving.

- Die cast metal.

HW1700689	150 x 70mm
-----------	------------

TROWEL BRICK JOINTER (SHORT SQUARE)

Used to level and shape concrete between bricks - horisontal joint and continuous lengths.

- Ensures a good and constant finish
- Solid steel construction
- Short square
- Lightweight & comfortable, polished, wooden hardwood handle

HW1700655	8.0mm
-----------	-------

TROWEL BRICK JOINTER (SHORT ROUND)

Used to level and shape concrete between bricks - It is mainly used to make neat joints between bricks.

- Ensures a good and constant finish
- Solid steel construction
- Round shape
- Lightweight & comfortable, polished, wooden hardwood handle

HW1700651	8.0mm
-----------	-------

TROWEL BRICK JOINTER LONG (SQUARE)

Used to level and shape concrete between bricks - horisontal joint and continuous lengths.

- Ensures a good and constant finish
- Solid steel construction
- Short square
- Lightweight & comfortable, polished, wooden hardwood handle

HW1700664	8.0mm
-----------	-------

TROWEL BRICK JOINTER LONG (ROUND)

Used to level and shape concrete between bricks - It is mainly used to make neat joints between bricks.

- Ensures a good and constant finish
- Solid steel construction
- Round shape
- Lightweight & comfortable, polished, wooden hardwood handle

HW1700661	8.0mm
-----------	-------

HW1700659	9.5mm
-----------	-------

TROWEL COARSE EDGE

Used to apply tile adhesive.

- Plastic handle

HW1700633	115 x 280 mm
-----------	--------------

TROWEL FLOORING

Used for levelling, spreading and shaping concrete for floors.

- Carbon steel blade, hardened and tempered
- 5 Rivets for added strength
- Blade is fully ground and has a lacquered finish for corrosion protection

HW1700640	355 x 120mm
-----------	-------------

TROWEL FLOORING SERRATED EDGE

Used to spread tile grout.

- Wooden handle

HW1700630	290 x 120 mm
-----------	--------------

TROWEL PLASTERING

This tool is used to apply plaster onto walls.

- Carbon steel blade, hardened and tempered
- Blade is fully ground and has a lacquered finish for corrosion protection
- Polished hardwood handles with metal ferrule
- 5 Rivets for added strength

HW1700300	290 x 120mm
-----------	-------------

TROWEL PLASTIC PLASTER

Used to apply plaster onto walls.

- Carbon steel blade, hardened and tempered
- Blade is fully ground and has a lacquered finish for corrosion protection
- Polished hardwood handles with metal ferrule

HW1700325	280mm
-----------	-------

TROWEL INSIDE CORNER COVE

Used to finish off rounded inner corners.

- Polished hardwood handles with metal ferrule
- Forms perfect curved, square corners over plastering
- Inner cove
- Light and easy to use

HW1700670	75mm
HW1700679	150mm

TROWEL INSIDE CORNER SHARP

Finishing of inner corners.

- Polished hardwood handles with metal ferrule
- Forms perfect curved, square corners over plastering
- Inner sharp
- Light and easy to use

HW1700666	75mm
HW1700653	150mm

TROWEL NOSING

Used to form rounded edges where required, for example on stairs.

- Polished hardwood handles with heavy duty rivets
- Forms of perfect curve for step work
- Light and easy to use

HW1700681	150 x 75 mm
-----------	-------------

TROWEL OUTSIDE CORNER COVE

Used for finishing of outer corners.

- Polished hardwood handles with metal ferrule
- Forms perfect curved, square corners over plastering
- Inner cove
- Light and easy to use

HW1700673	75mm
HW1700676	150mm

TROWEL OUTSIDE CORNER SHARP

Finishing of inner corners.

- Polished hardwood handles with metal ferrule
- Forms perfect curved, square corners over plastering
- Inner sharp
- Light and easy to use

HW1700668	75mm
-----------	------

TROWEL SKIRTING

This trowel is used on the inside walls to finish off a skirting.

- Consists of 1 x flat & 1 x round edge

HW1700684	230 x 75mm
-----------	------------

PLASTER BOARD 21 ALUMINIUM

Used to plaster walls & floors.

- Made from lightweight & durable aluminium
- Plastic handle

HW1710001	300 x 300mm
-----------	-------------

TYROLEAN MACHINE

Used to splash concrete on to wall.

- Plastic Handle with Zinc plated body
- Adjustable tension bar for texture control

HW1720600	Unit
-----------	------

5 PIECE CARPENTER PENCIL SET

Pencil specially suited to mark wood.

- Oval pencil with oval lead

HW2700131	SET
-----------	-----

CHALK LINE

Used for marking a long straight line on a relatively flat surface.

- Plastic casing with built in plumb line

HW1720430	30m
-----------	-----

CHALK LINE REFILL RED

Refill for aluminium chalk holders

- Refill for chalk line HW1720430

HW1720590	90g
-----------	-----

PLUMB BOB SET

Used to determine and measure a true vertical line.

- Magnetic head

HW1702723	3m
-----------	----

IRONMONGERY

KAUFMANN

In the market since 1995,
Kaufmann has been a trusted
partner in providing quality
hardware products, built to get
the job done.

LOCKSET SABS LOCK + BP HANDLE

BRASS PLATED

- SABS compliant
- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838585 2 LEVER

LOCKSET SABS LOCK + CP HANDLE

CHROME PLATED

- SABS compliant
- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838570 2 LEVER

LOCKSET SABS MS 6 INCH VICTORIAN SCROLL BP

BRASS PLATED

- SABS compliant

LOCKBODY CYLINDER PROFILE & CYLINDER SOLID BRASS

SOLID BRASS

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838550

CYLINDER EURO ONLY SOLID BRASS

SOLID BRASS

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838560 65 mm

CYLINDER EURO ONLY SATIN NICKEL

SATIN NICKEL PLATED

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838849 65 mm

CYLINDER EURO S/BRASS-CHROME PLATED

SOLID BRASS, CHROME PLATED

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838565 65 mm

DEADLOCK & CYLINDER BRASS PLATED

BRASS PLATED

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838848 40 mm

BUTT HINGE BALL BEARING - S/S(PAIR)

STAINLESS STEEL

- Suitable for multiple door applications
- Includes 16 screws
- Stainless Steel material makes this hinge coastal friendly
- Bearing design allows for smooth operation after installation Reduction in noise/friction in terms of opening and closing action after installation
- 201 Grade Stainless Steel
- Supplied as a Pair
- Also available in Brass finish

HW1838171 100 mm

BUTT HINGE BALL BEARING - BP(PAIR)

BRASS PLATED

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838839 100 mm

BUTT HINGE BRASS (WITH BRASS PIN) (PAIR)

BRASS

- Suitable for multiple door applications Includes screws
- Brass makes this hinge coastal friendly
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation

HW1640250	25 mm
HW1640255	38 mm
HW1640260	50 mm
HW1640265	63 mm
HW1640270	75 mm
HW1620046	100 mm

BUTT HINGE STEEL SELF COLOUR (PAIR)

SELF COLOUR

- Suitable for multiple door applications
- Includes screws
- Mild Steel material
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Supplied as a Pair

HW1640355	38 mm
HW1640360	50 mm
HW1640375	64 mm
HW1640380	75 mm
HW1640385	100 mm

BUTT HINGE BRASS PLATED (PAIR)

BRASS PLATED

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material
- Also available in self colour

HW1640400	50 mm
HW1640405	65 mm
HW1640410	75 mm
HW1640415	100 mm

BUTT HINGE BALL BEARING - CP(PAIR)

CHROME PLATED

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838840	100 mm
-----------	--------

BUTT HINGE BRASS WITH NYLON WASHER(PAIR)

BRASS

- Suitable for multiple door applications
- Brass material makes this hinge coastal friendly
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1640280	100 mm
-----------	--------

FLUSH HINGE STEEL C/PLATED (PAIR)

CHROME PLATED

- Suitable for multiple door applications
- Includes screws
- Mild Steel material
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Supplied as a Pair

HW1838837	100 mm
-----------	--------

FLUSH HINGE STEEL S/NICKEL (PAIR)

SATIN NICKEL PLATED

- Suitable for multiple door applications
- Includes screws
- Mild Steel material
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Supplied as a Pair

HW1838838	100 mm
-----------	--------

FLUSH HINGE STEEL B/PLATED (PAIR)

BRASS PLATED

- Suitable for multiple door applications
- Includes screws
- Mild Steel material
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Supplied as a Pair

HW1838836	75 mm
HW1640430	100 mm

BARREL BOLT CHR PLATED NECKED

CHROME PLATED

- Fitted to internal doors, to lock with bolt
- The bolt has a neck and is used with a catch plate
- Used mainly on heavy doors

HW1640715	50 mm
HW1640720	64 mm
HW1640725	76 mm
HW1640730	100 mm

BARREL BOLT CHR PLATED STRAIGHT

CHROME PLATED

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Solid brass material
- Brass material makes this coastal friendly
- Also available in Necked

HW1640695	50 mm
HW1640700	64 mm
HW1640705	76 mm
HW1640710	100 mm

BARREL BOLT SOLID BRASS STRAIGHT

SOLID BRASS

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Solid brass material
- Brass material makes this coastal friendly
- Also available in Necked

HW1640655	50 mm
HW1640660	64 mm
HW1640665	76 mm
HW1640670	100 mm

BARREL BOLT SOLID BRASS NECKED

SOLID BRASS

- Suitable for multiple door applications
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Solid brass material
- Brass material makes this coastal friendly
- Also available in Straight

HW1640675	50 mm
HW1640680	64 mm
HW1640685	76 mm
HW1640690	100 mm

BARREL BOLT JAPAN BLK

JAPAN BLACK

- Suitable for multiple door applications
- Includes screws
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1640555	100 mm
HW1640560	152 mm

BARREL BOLT GALV

ZINC PLATED

- Suitable for multiple door applications
- Includes screws
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1640545	102 mm
HW1640550	150 mm

PAD BOLT OVAL GALV

ZINC PLATED

- Suitable for multiple door applications
- Includes screws
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1640540	102 mm
-----------	--------

PAD BOLT GALV

ZINC PLATED

- Suitable for multiple door applications
- Includes screws
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

PADLOCK DISCUS S/STEEL (4PACK)

STAINLESS STEEL

- Suitable for multiple door applications
- Stainless Steel material makes this hinge coastal friendly
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- 201 Grade Stainless Steel

HW1836310	70 mm

PADLOCK DISCUS S/ STEEL

STAINLESS STEEL

- Suitable for multiple door applications
- Stainless Steel material makes this hinge coastal friendly
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- 201 Grade Stainless Steel

HW1837280	70 mm
-----------	-------

PADLOCK LAMINATED

CHROME PLATED

- Suitable for multiple door applications
- Stainless Steel material makes this hinge coastal friendly
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Mild steel material

HW1838844	90 mm
-----------	-------

PADLOCK WEATHER PROOF

RUBBER COATED

- Suitable for multiple door applications
- Stainless Steel material makes this hinge coastal friendly
- Design allows for smooth operation after installation
- Reduction in noise/friction in terms of opening and closing action after installation
- Rubber coated

HW1838842 50 mm

CHAIN & HOISTS

CHAIN CONCEPT

HW1470901

MEDIUM & LONG LINK CHAIN

- * Standard: DIN763
- * Material: Steel
- * Surface finish: Galvanized Zinc
- * Welding spot polished
(3 mm to 6 mm not polished)
- * Made & tested to SABS 251 specification
- * 5:1 Safety factor

CAUTION: DO NOT USE FOR LIFTING

PPE WEAR

KAUFMANN

In the market since 1995,
Kaufmann has been a trusted
partner in providing quality
hardware products, built to get
the job done.

GLOVE FLEXINITE NITRILE PALM COATED

 **KAUFMANN**

- Offers super grip
- Ideal in dry and light oily environments
- Excellent abrasion and dexterity
- Breathable and launderable
- Suitable for use in engineering assembly, workshops and general handling

HW2653935 Size 10

GLOVE NITROLITE GREY NITRILE PALM COATED

 **KAUFMANN**

- High abrasion, oil solvent resistance
- High dexterity
- Suitable for use in engineering assembly, workshops and general handling

HW2653938 Size 10

GLOVE GRIPPER GREEN LATEX COATED

 **KAUFMANN**

- Textured crinkled rubber coating provides excellent grip and dexterity
- Can be used in general handling wet and dry environments

HW2653939 Size 10

GLOVE GREEN SOLVEX NITRILE

 **KAUFMANN**

- Suitable to be used when working with certain acid, oil and alkaline solutions
- Suitable for use in cleaning and agricultural environments
- Ideal in general workshops, for housework and light industrial handling

HW2653940 Size 10

GLOVE VIP TIG GOAT SKIN

 **KAUFMANN**

- Natural premium grain goatskin leather
- Gun cut keystone
- Thumb for tig welders, drivers and general handling in a dry environment

HW2653941 Size 10

COTTON GLOVE + DOUBLE LEATHER PALM

 **KAUFMANN**

- Safety Cuff with reinforced palm, for general purpose use in dry conditions

HW2653013

BUILDERS GLOVE

- Heavy duty, rough surface, resists most oils, acids, detergents and chemicals

HW2653505

CHROME LEATHER GLOVE

- 50,8mm 2.5" chrome leather glove with reinforced palm, for general purpose use in dry conditions

HW2653000

COTTON GLOVE

- Machine knitted 7 gauge cotton blend Elasticised composite knitted wrist (reversible) light industrial, agricultural and garden work

HW2653983

POLKA DOT GLOVE

- Machine knitted 7 gauge cotton blend
- PVC double dotted crochet, elasticised composite knitted wrist (reversible) light industrial, agricultural and garden work

HW2653936

PVC + KNITTED WRIST GLOVE

- Knitted wrist, PVC, ruby red, synthetic coating on a cotton interlocker
- Excellent resistance to most acids, alcohols, oils, caustics and petroleum hydrocarbons
- Outstanding abrasion resistance for both wet and dry applications

HW2653501

PVC OPEN CUFF GLOVE

- Safety Cuff, PVC, ruby red, synthetic coating on a cotton interlocker
- Excellent resistance to most acids, alcohols, oils, caustics and petroleum hydrocarbons
- Outstanding abrasion resistance for both wet and dry applications

HW2653551 27cm

HW2653622 40cm

RUBBERISED + KNITED WRIST GLOVE

- Yellow natural rubber fully coated glove
- Crinkle hand finish
- Clute cut drill fleece liner with a knitted cuff
- Outstanding abrasion resistance and grip for both wet and dry applications
- Ideal for glass handling

HW2655001

LATEX HOUSEHOLD GLOVE

- Unique fluted cuff design allows glove to breath
- Lining for added comfort
- Non-slip grip
- Used for dish washing, autocare, gardening and household chores

HW2653510 Medium

HW2653520 Large

HW2653530 Extra Large

COTTON GLOVE + LEATHER PALM

- Safety Cuff for general purpose use in dry conditions

HW2653463

ETHNIX GLOVE ALL PURPOSE WORK

- For general building and construction, gardening and general DIY
- WARNING: This product will not protect against immersion in acids or alkaline substances

HW2653985

GENERAL HANDLING LATEX GLOVE

- Seamless 13g purple woven polyester liner
- Thicker feel while offering comfort, dexterity and breathability
- Latex crinkle palm coating provides excellent grip in wet & dry conditions
- Knit wrist helps prevent dust & debris from entering the glove liner
- Applications: assembly, manufacturing, general duty, agriculture and gardening.

HW2653942

SUPER GRIP CUT LEVEL 5 NITRILE GLOVE

- Seamless 13g grey woven hppe & fibre liner provides increased comfort, dexterity, breathability and protection assurance.
- Sandy nitrile palm coating provides a superior grip in wet, dry & oily conditions with a softer feel, excellent abrasion, cut, and tear and penetration resistance.
- Excellent resistance to liquid and oil permeation. Knit wrist helps prevent dust & debris from entering the glove liner. breathable back for comfort applications automotive, glass, steel, sanitation, construction, pater handling and wood working

HW2653945

SUPER GRIP FULL DIP OIL/WET NITRILE GLOVE

- Seamless 15g black woven polyester liner provides increased comfort/ dexterity and breathability
- Full nitrile dip & sandy nitrile palm dip provides superior grip in wet/dry & oily conditions with excellent abrasion and tear resistance
- Knit wrist helps prevent dust & debris from entering the glove liner
- Full dip protects the entire hand from liquid & oil permeation
- Applications mechanical maintenance, aeronautical, sanitation, construction, transport, warehousing, cold & wet handling

HW2653946

GENERAL HANDLING PU GLOVE

- Seamless 13g black woven nylon liner provides increased comfort, dexterity and breathability
- Polyurethane (pu) palm coating offers excellent abrasion and tear resistance without compromising tactile sensitivity
- Knit wrist helps prevent dust & debris from entering the glove liner
- Breathable back for comfort
- Applications: manufacturing, transportation, warehousing, agricultural & gardening.

HW2653943

SUPER GRIP NITRILE GLOVE

- Seamless 13g red woven nylon liner provides increased comfort, dexterity and breathability
- Sandy nitrile palm coating provides a superior grip in wet, dry & oily conditions with a softer feel, excellent abrasion and tears resistance
- Excellent resistance to liquid & oil permeation
- Knit wrist helps prevent dust & debris from entering the glove liner
- Applications: manufacturing, automotive, aeronautical, construction & general duty

HW2653944

SAFETY SPECTACLE EYE 2000 CLEAR

- Safety spectacle for impact protection
- Four position adjustable temple arm for comfort
- Fashionable wrap around spherical lens Clear for indoor use

HW2650093

SAFETY SPECTACLE EYE 2000 GREEN

- Safety spectacle for impact protection
- Four position adjustable temple arm for comfort
- Fashionable wrap around spherical lens

HW2650090

SPECTACLE WRAP AROUND GREEN

- Safety spectacle for impact protection
- Polycarbonate lens and plastic side shields
- Green for outdoor applications where sunlight and glare causes eye strain and fatigue

HW2650096

GOGGLE DUST & SAFETY

- Wide vision polycarbonate lens & vinyl frame with in-Direct dual vents.
- Uses limited protection against vapors and airborne particles

HW2650088

GOGGLE SAFETY PLASTIC CLEAR GRINDING

- Wide vision polycarbonate lens & vinyl frame with Direct Mesh vent
- Uses general workshop and grinding

HW2650100

SAFETY SPECTACLE SPORTY CLEAR

- Safety spectacle clear polycarbonate
- Scratch resistant
- Ergonomic design
- Compatible with respiratory equipment
- General indoor use
- Provides eye protection against impact hazards
- Suitable for use in: construction, mining, milling, engineering workshops and factories

HW2650094

SAFETY SPECTACLE SPORTY GREEN

- Safety spectacle polycarbonate sporty green
- Prevents eye fatigue from indirect light flash
- Scratch resistant, ergonomic design, compatible with respiratory equipment
- Provides eye protection against impact hazards
- Can be used indoors or outdoors

HW2650095

SAFETY SPECTACLE SPORTY SILVER

- Safety spectacle polycarbonate sporty silver mirror
- Anti-glare lens
- Scratch resistant
- Ergonomics design
- Compatible with respiratory equipment
- Provides eye protection against impact hazards
- Can be used indoors or outdoors

HW2650097

SINGLE RESPIRATOR

- Suitable for chemicals and dust
- Replaceable filters HW2650500 P2 (dust) and HW2650600 A1 P2 (chemicals)
- Heavy duty

HW2650300

DOUBLE RESPIRATOR

- Suitable for chemicals and dust
- Replaceable filters HW2650500 P2 (dust) and HW2650600 A1 P2 (chemicals)
- Heavy duty

HW2650400

DUST MASK SABS 20 PACK FFP2

- This disposable dust mask is extra light, resulting in very low breathing resistance
- The mask can easily be worn with glasses, goggles or visors
- This is a safety mask and it complies to the EN 149:2001 standard
- CE certified and SABS compliant

HW2650040

DUST MASK SABS FFP1 1 PACK

- This disposable dust mask is extra light, resulting in very low breathing resistance
- The mask can easily be worn with glasses, goggles or visors
- This is a safety mask and it complies to the EN 149:2001 standard
- CE certified and SABS compliant

HW2650025

DUST MASK SABS FFP1 5 PACK

- This disposable dust mask is extra light, resulting in very low breathing resistance
- The mask can easily be worn with glasses, goggles or visors
- This is a safety mask and it complies to the EN 149:2001 standard
- CE certified and SABS compliant

HW2650028

DUST MASK SABS FFP1 20 PACK

- This disposable dust mask is extra light, resulting in very low breathing resistance
- The mask can easily be worn with glasses, goggles or visors
- This is a safety mask and it complies to the EN 149:2001 standard
- CE certified and SABS compliant

HW2650030

A1P2 CARTRIDGE 2 PACK

- Filters for HW2650400 and HW2650300
- Filters suitable for spray painting but not constant spraying

HW2650600

FILTER MASK DUST 2 PACK

- Filters for HW2650400 and HW2650300
- Filters not suitable for spray painting

HW2650500

SAFETY CAP + LINING WHITE SABS

- Safety cap
- Complies to SABS standard
- All working conditions where head protection is required
- Widely used in the construction and mining environments

HW2650115

Other colours available on request

SAFETY CAP + LINING YELLOW SABS

- Safety cap
- Complies to SABS standard
- All working conditions where head protection is required
- Widely used in the construction and mining environments

HW2650114

Other colours available on request

FACESHIELD POLYCARBONATE CLEAR

- Flip up shield.
- General safety application - grinding, weed cutting.

HW2650119

EARPLUGS FOAM UN-CORDED SABS 5 PAIRS PER PACK

- Low density foam, ultra- comfortable long-term wear
- SNR 34

HW2650107

QB2 BANDED HEARING PROTECTOR SABS

- All noisy conditions
- Can be worn with cap
- Hat or safety head gear
- Re-usable, flexible and durable

HW2650109

BARRIER NET YELLOW/ ORANGE WOVEN SAFETY

- Reflectosite Barrier Netting takes the place of plastic barriers to protect the public or workers from danger
- Uses: Barrier netting is used for the demarcation of work areas, crowd control as well as vehicle control
- 50g / inch

HW2100017	1m x 50m
-----------	----------

BARRIER TAPE RED / WHITE

- A red and white protective tape to be used as a barrier to a area not to be entered or an open construction where no entry is allowed
- Used for safety purposes

HW2100010	75mm x 100m
HW2100015	75mm x 500m

BIB SAFETY + REFLECTOR TAPE LIME

- Lightweight for comfort
- Made from porous material to prevent heat build up

HW2655510

BIB SAFETY + REFLECTOR TAPE ORANGE

- Lightweight for comfort
- Made from porous material to prevent heat build up

HW2655500

VEST DAY GLOW LIME

- Lightweight for comfort
- Made from porous material to prevent heat build up
- Reflective tape on back and front makes it ideal where high visibility is required in all weather conditions
- Is fastened in front with a zip

HW2655520	Medium
HW2655530	Large
HW2655540	Extra Large
HW2655550	x2 Extra Large
HW2655560	x3 Extra Large

VEST DAY GLOW ORANGE

- Lightweight for comfort
- Made from porous material to prevent heat build up
- Reflective tape on back and front makes it ideal where high visibility is required in all weather conditions
- Is fastened in front with a zip

HW2655570	Medium
HW2655580	Large
HW2655590	Extra Large
HW2655600	x2 Extra Large
HW2655610	x3 Extra Large

OVERALL BLUE 2 PIECE WITH REFLECTIVE TAPE

- Conti suit with heavy duty zipper reflective tape around the knees and the elbows with elasticized waist band and re-enforced stitching on all pressure points

KAUFMANN

In the market since 1995,
Kaufmann has been a trusted
partner in providing quality
hardware products, built to get
the job done.

FILE SET 4 PIECE

Various shaped files for filing.

- Consists of flat, half round, three square and round files
- 2nd Cut with soft grip handles

HW1573600 200mm

FILE FLAT 2ND CUT

Flat shaped file used for general purpose work and to remove fine amounts of material from a workpiece.

- Used for filing of metal
- Includes soft handle

HW1573620 200mm

FILE FLAT BASTARD

Flat shaped file used for general purpose work and to remove fine amounts of material from a workpiece.

- Bastard - Coarse
- 2nd cut - Medium
- Smooth - Fine
- Includes soft handle

HW1573630 200mm

FILE FLAT WOOD RASP

Flat shaped file used for general purpose work and to remove fine amounts of material from a workpiece.

- Coarse filing of wood

HW1573680 300mm

FILE HALF ROUND 2ND CUT

A half-round file can be used for dual purposes, the flat face for filing flat surfaces and the curved face for grooves.

- Used for filing of metal
- Includes soft handle

HW1573640 200mm

FILE HALF ROUND BASTARD

A half-round file can be used for dual purposes, the flat face for filing flat surfaces and the curved face for grooves.

- Bastard - Coarse
- 2nd cut - Medium
- Smooth - Fine
- Includes soft handle

HW1573660 200mm

FILE ROUND 2ND CUT

A round file is generally used for enlarging round holes.

- Bastard - Coarse
- 2nd cut - Medium
- Smooth - Fine
- Includes soft handle

HW1573650	200mm
-----------	-------

FILE SLIMTAPER

Used for filing metal.

- Includes soft handle

HW1573610	150mm
-----------	-------

FILE THREE QUARTER 2ND CUT

Used for filing metal.

- Bastard - Coarse
- 2nd cut - Medium
- Smooth - Fine
- Includes soft handle

HW1573670	200mm
-----------	-------

HOTMELT GLUE GUN

Used for glueing various materials together.

- Electric glue pistol
- Glue sticks are melted by an element that heats up on pulling the trigger
- Safety approved
- Included in the pack is two 100mm glue sticks
- Glue sticks at HW2170004

HW2170011

HOTMELT GLUE GUN STICKS 12 PIECES

Used for glueing various materials together with a glue gun.

- Use in hot melt glue gun at HW2170011
- 100mm in length
- Various applications
- Can also glue electrical wire to walls
- Use on walls, leather, wood, plastic, porcelain, etc.

HW2170004	100 x 10mm
-----------	------------

STAPLE GUN 3WAY

Hand type staple gun used for upholstery and fastening documents to soft pin boards.

- Heavy duty
3 Way Function

HW2610001

STAPLES 1000 PER PACK

Staples suitable for hard surfaces.

- Heavy duty
- Used with staple gun HW2610001

HW2610024	8mm
HW2610030	12mm

RIVETER BM10KM

Tool used to drive rivets.

- Hardened jaws
- Three replaceable end pieces 3.2, 4.0, 4.8mm, with key
- Rivets at HW2620145 (aluminium) and HW2621541 (steel)

HW2621795	3.2-4.8mm
-----------	-----------

RIVETER LAZY TONG

Tool used to drive rivets.

- Hardened jaws, easy action, with replaceable ends
- Concertina action
- Rivets from code HW2621517

HW2622483

SILICONE CAULKING GUN

Used with 280ml, 310ml and 315ml silicone or glue cartridges.

HW2160749

SILICONE CAULKING GUN

Used with 280ml, 310ml and 315ml silicone or glue cartridges.

HW2160767

SILICONE CAULKING GUN FRAME TYPE

Used with 280ml, 310ml and 315ml silicone or glue cartridges.

HW2160760

SILICONE CLEAR

- Silicone sealant is one part moisture curing silicone sealant
- Easy to apply
- Resistant to ozone, ultra-violet radiation and temperature extremes
- Cured sealant is mildew resistant
- Excellent adhesion to a variety of non-porous substrates
- Store the product in a cool and dry place
- Shelf life is 12 months

HW2160718 280ml

SILICONE WHITE

- Silicone sealant is one part moisture curing silicone sealant
- Easy to apply
- Resistant to ozone, ultra-violet radiation and temperature extremes
- Cured sealant is mildew resistant
- Excellent adhesion to a variety of non-porous substrates
- Store the product in a cool and dry place
- Shelf life is 12 months

HW2160712 280ml

SILICONE BLACK

- Silicone sealant is one part moisture curing silicone sealant
- Easy to apply
- Resistant to ozone, ultra-violet radiation and temperature extremes
- Cured sealant is mildew resistant
- Excellent adhesion to a variety of non-porous substrates
- Store the product in a cool and dry place
- Shelf life is 12 months

HW2160710 280ml

PAINTABLE ACRYLIC FILLER WHITE

- One-component.
- Very easy application.
- Form permanently water repellent layer after curing.
- Resistant to weather conditions.
- Remains flexible for a long time after curing.
- Paintable.
- Does not affect the application surface.
- Water, wind and moisture resistant on aluminum, wood and PVC frames and windows.
- Store the product in a cool and dry place.
- The shelf life is 12 months at temperatures between +5°C and +25°C.

HW2180836 280ml

MULTI PURPOSE ADHESIVE FOAM

- PU Foam is polyurethane based, moisture cured, one component filling and insulation material.
- One-component.
- Moisture cured.
- Excellent adhesion to most construction materials such as wood, concrete, tile, metal and aluminum (except polyethylene, silicone and teflon).
- Thermal and acoustic insulation.
- Cuttable and paintable after curing.
- Very good expansion capacity.
- Store the product in a cool and dry place.
- The shelf life is 12 months at temperatures between +5°C and +25°C.

HW2195205 500ml

MULTI PURPOSE ADHESIVE FOAM

- PU Foam is polyurethane based, moisture cured, one component filling and insulation material.
- One-component.
- Moisture cured.
- Excellent adhesion to most construction materials such as wood, concrete, tile, metal and aluminum (except polyethylene, silicone and teflon).
- Thermal and acoustic insulation.
- Cuttable and paintable after curing.
- Very good expansion capacity.
- Store the product in a cool and dry place.
- The shelf life is 12 months at temperatures between +5°C and +25°C.

HW2195200 750ml

LADDER ALUM A TYPE 10 STEP 1/SIDE

MECOLADDER
Aluminium • Ladders • Scaffolding

- A-type step ladder with steps on the one side.
- Can carry up to 150kg
- Convenient built-in , open aluminium tool tray
- Pinch resistant spreaders
- Extra wide 80 mm steps provide safety and comfort
- High traction ladder feet designed for maximum grip
- Made from high strength Aluminium Alloy
- Wide serrated treads for secure non-slip footing
- Double-riveted Treads
- PVC Feet, specially formulated to supply maximum adhesion to floor surface
- Double Gusseted top Tread for enhanced rigidity
- Special Hinge linking Back Leg to front frame of ladder
- Side Stays fixed with lock nuts and bolts (not riveted)
- Wide Stiles (side rails) for greater rigidity

826ILSH004	1.2 m
826ILSH006	1.8 m
826ILSH008	2.4 m
826ILSH010	3 m
826ILSH012	3.6 m

LADDER ALUM A TYPE 6 STEP 1/SIDE

MECOLADDER
Aluminium • Ladders • Scaffolding

A-type step ladder with steps on the one side.

- Can carry up to 100kg
- Suitable for domestic applications
- Easy and light to handle
- All aluminium construction (no moulded plastic top step)
- Rivets: 6 per step
- Wide non-slip step

826ILS006	1.8m
-----------	------

LADDER SINGLE 10 STEP

MECOLADDER
Aluminium • Ladders • Scaffolding

Single step ladder for industrial and household use.

- Can carry up to 150kg
- Serrated slip-resistant Rungs
- Made from extra High Strength Alloy

826ILE110	2.8m
-----------	------

LADDER ALUM EXTENSION

MECOLADDER
Aluminium • Ladders • Scaffolding

Aluminium extension ladder.

- Extends from 3.3m to 6.6m
- Stile on stile (side rail) extension - easily separated sections (some brands feature stiles with closely inter-locking grooves which results in the fly-section jamming when sand or paint etc enters the grooves)
- Serrated slip-resistant rungs
- PVC Feet - specially formulated to supply maximum adhesion to floor surface
- Made from Extra High Strength Aluminium Alloy

826DMS600	3.3-6.60 m
-----------	------------

STEEL LADDER

This ladder is a handy addition in any home and ideal to access hard to reach places.

- Can carry up to 150kg
- Takes up little space

8260001	2 STEP
8260003	3 STEP
8260004	4 STEP

ALUMINIUM CANTILEVER TOOLBOX

Sturdy metal tool box with 5 trays for storage of tools. Aluminium toolbox is robust, rust free and lockable with rounded corners and no spot welds.

HW0000167 5 TIER WITH TRAY

TRUNK STEEL 24/600 BLUE

Handy and sturdy steel trunk for general storage.

- Two heavy duty handles
- Lockable

HW0363005 600 x 325 x 225

TRUNK STEEL 28/700 BLUE

Handy and sturdy steel trunk for general storage.

- Two heavy duty handles
- Lockable

HW0363000 700 x 390 x 285

TRUNK STEEL 30/750 BLUE

Handy and sturdy steel trunk for general storage.

- Two heavy duty handles
- Lockable

HW0363011 750 x 420 x 315

TRUNK STEEL 32/800 BLUE

Handy and sturdy steel trunk for general storage.

- Two heavy duty handles
- Lockable

HW0363022 800 x 460 x 345

TRUNK STEEL 40/1000 BLUE

Handy and sturdy steel trunk for general storage.

- Two heavy duty handles
- Lockable

HW0363010 1000 x 595 x 460

OIL CAN

Brass pump suitable to hold and pump oil.

- Two ball valves control volume and pressure.
- Spout replaceable with HW0270830 (flexible) or HW0270841 (metal).

HW3018201	300ml
HW3018211	500ml

REVOLVING PLIERS RPL/6

Revolving professional punch pliers with various sized punches to punch holes in rubber, leather plastic and various materials

- Spring loaded revolving head incorporates six punches, 2mm, 2.5mm, 3mm, 3.5mm, 4mm, 4.5mm.
- It has a brass anvil which prevents the edges from getting damaged in use
- Used mainly in the leather industry

HW0510651

FUNNEL PLASTIC JUMBO

Assists in accurate pouring of liquids into confined openings.

- 250mm Plastic funnel.
- Oil and chemical resistant.

HW2580200 250mm

BLIND ALUMINIUM RIVETS

Used with rivet gun for joining two pieces of metal together.

- Aluminium rivet used for securing any item to metal, plastic, rubber wood.
- Quick and neat.
- Drill hole to the same diameter as rivet.
- Riveters at codes HW2622483 and HW2621789.
- Washers at code HW2622602.

HW2620405	3.2x12
HW2620483	3.2x18

BLIND STEEL RIVET WASHERS

Used with rivet gun for joining two pieces of metal together.

- Used with rivets to prevent them from pulling through.
- Rivets from code HW2621517.

HW2622564 4.1mm

RIVET ALUMINIUM

Used with rivet gun for joining two pieces of metal together.

- Aluminium rivet used for securing any item to metal, plastic, rubber wood.
- Quick and neat.
- Drill hole to the same diameter as rivet.
- Riveters at codes HW2622483 and HW2621789.
- Washers at code HW2622602.

HW2620774 4.0x08

BLACK REFUSE BAGS 20 PER PACK

Medium duty bag 750 x 950mm for 90L dust bin.

16110619	28 mic
----------	--------

Black rubbish bag for the 120L rubbish bin at code 236BJ120

16110650

BROOM BASES + WOODEN HANDLE

Medium hardness broom fibres for medium duty work.

Handle replaceable with HW2052203

HW2050773	380mm
-----------	-------

BROOM HANDLE 25MM

Standard broom handle for various broom heads.

HW2052203	1200mm
-----------	--------

BROOM PLATFORM WITH WOODEN HANDLE FIRM

Firm broom fibres for heavy duty applications on sidewalks, paving, yards.

Handle replaceable at code HW2052203.

HW2050065	300mm
HW2050219	450mm
HW2050359	600mm

BROOM SCRUB WITH WOODEN HANDLE SOFT

Soft broom fibres for light duty work.

Handle replaceable with HW2052203.

HW2051110	600mm
-----------	-------

RUBBER SQUEEGEE + METAL HANDLE

Cleaning of stables and other flat surfaces. Also called water broom.

Galvanised base and handle.

HW2051982	450mm
-----------	-------

CLOTH MICROFIBRE

Multi purpose microfiber cloth with endless uses.

Gently lifts away dirt and grime with ease. Minimises scratching by lifting dirt and particles.

Soft, gentle, non scratch and lint free. Easy care - machine washable and dryable. Suitable for automotive and household applications.

1770080	5 PACK
---------	--------

CLAMP MAGI-CLAMP

Wire clamp making tool for clamping plastic, rubber and other resilient pipes. Innovative and patented design. Proudly South African product.

HW2740210	Deluxe
HW2740220	Jumbo

GARDEN SPRAYERS

KAUFMANN

In the market since 1995, Kaufmann has been a trusted partner in providing quality hardware products, built to get the job done.

KNAPSACK SPRAYER

Large 16L backpack sprayer with metal side lever pump for spraying of toxins onto large gardens fruit vines and trees.

- Top seller
- Stainless Steel Lance
- Adjustable brass nozzle
- Shoulder straps included
- Used for applying fertilizer, water and toxins
- Metal pump lever
- Can be changed to left or right-handed
- Strainer at opening
- High quality plastic bendable pipe with metal hand piece pipe
- Spares available

HW1971010	16LT
-----------	------

PRESSURE SPRAYER

4000ml pressure sprayer with top pump and flexible lance adjustable nozzle used for the spraying of pesticides used in horticulture and general gardening

HW1971000	4LT
-----------	-----

PRESSURE SPRAYER

5000ml pressure sprayer with top pump and flexible lance adjustable nozzle used for the spraying of pesticides used in horticulture and general gardening

HW1971005	5LT

PRESSURE SPRAYER LANCE

Spare lance for HW1971005 sprayer

HW1971050	5LT
-----------	-----

KNAPSACK SPRAYER PIPE

Spare plastic tube that connects to hand control unit of HW1971010 sprayer

HW1971030	16LT
-----------	------

KNAPSACK SPRAYER PUMP HANDLE

Spare metal side handle for pumping of HW1971010 sprayer

HW1971035	16LT
-----------	------

KNAPSACK SPRAYER SHOULDER STRAP

Spare back strap for HW1971010 sprayer

HW1971017	16LT
-----------	------

KNAPSACK SPRAYER REPAIR KIT

Complete spare nozzles and seals repair kit for HW1971010 sprayer

HW1971025	16LT
-----------	------

KNAPSACK SPRAYER PISTON ONLY

Spare piston for pump mechanism of HW1971010 sprayer

HW1971037	16LT
-----------	------

PRESSURE SPRAYER HANDLE & PUMP SET

Spare handle and pump set for HW1971005 & HW1971000 sprayers.

HW1971040	4 & 5LT
-----------	---------

KNAPSACK SPRAYER NOZZLE 110 DEGREE

Spare 110 degree nozzle for HW1971010 sprayer

HW1971018	16LT
-----------	------

PRESSURE SPRAYER PIPE 1.2M

Spare flexible plastic pipe and liquid pick up pipe for HW1971005 & HW1971000 sprayers

HW1971060	4 & 5LT
-----------	---------

PRESSURE SPRAYER HAND CONTROL

Spare hand control unit that connects to flexible plastic pipe for HW1971005 & HW1971000 sprayers.

HW1971055	4 & 5LT
-----------	---------

PRESSURE SPRAYER RELIEF VALVE

Spare pressure relief valve for HW1971005 & HW1971000 sprayers.

HW1971045	4 & 5LT
-----------	---------

PRESSURE SPRAYER SEAL SET

Spare rubber seal set for HW1971005 & HW1971000 sprayers.

HW1971065	4 & 5LT
-----------	---------

HOSES & ACCESSORIES

HOSE GARDEN + FITTINGS 1 ROLL

Green reinforced high quality hose with durable fittings.

ID Tolerance: 12 ± 0.2 mm
Wall Thickness Tolerance: 1.6 ± 0.1 mm
W.P. 6 Bar
B.P. 18 Bar

3600400/K	12mm x 20m
3600399/K	12mm x 30m

HOSE GARDEN + FITTINGS 1 ROLL

Green reinforced high quality hose with durable fittings.

ID Tolerance: 20 ± 0.2 mm
Wall Thickness Tolerance: 1.8 ± 0.1 mm
W.P. 5 Bar
B.P. 15 Bar

3600402/K	20mm x 20m
3600401/K	20mm x 30m

HANGER HOSE WALL FITTED

Ideal hose pipe storage hanger that can be mounted onto a wall for the storage of rolled up hose pipes protecting them from damage.

Two screw slots.

H1000	Standard
-------	----------

SPIRAL GARDEN HOSE, PISTOL & COUPLINGS

Flexible spiral hose for easy storage as hose automatically spirals itself back
Includes fittings and hand sprayer

H2001	15 m
-------	------

HOSE SET

Ideal basic watering set
Includes: 1x6 pattern sprayer, 1x pistol sprayer, 1x lawn/garden sprayer, 2 x hose connectors, 1x tap connector, 1x reducer, adaptor for 1/2 - 5/8 hose

H2502	6 PIECE
-------	---------

CONNECTOR 2 WAY CONTROL

Coupling fitted to garden tap
Can be used to share two garden hoses or use them together at the same time
Used for dividing your water source into two separate outlets with tap included to switch off either outlet

H3043	20mm
-------	------

CONNECTOR HOSE SHUT OFF

Female Connection with auto stop
Used at the end of a hose pipe to stop the water flow when no fitting has been inserted

H3050	15mm
H3052	20mm

CONNECTOR JOIN

Used for the joining of two hose pipes or the repair of a hose pipe

H3032	15mm
H3031	20mm

CONNECTOR QC HOSE

Female Connection normally used at the beginning of a hose pipe to connect onto a male fitting connected to a tap or water outlet

H3051	13mm
H3053	19mm

CONNECTOR JOIN HOSE DOUBLE

Used for the quick connecting of two hose pipes that have female quick connector couplings on

H3004

CONNECTOR JOIN TRIPLE HOSE

Coupling to join three garden hoses with the help of quick-couplings

H3005

TAP ADAPTOR

Coupling with female thread to screw onto the tap. The plastic quick-coupling on the garden hose is then connected to the tap connector.

H3064	1/2 Inch - 3/4 Inch - 1 Inch
-------	------------------------------

TAP ADAPTOR FEMALE

12.5-15mm female threaded male quick release tap connector to connect hose pipe with female quick release tap connector to a tap

H3062A	12.5-15mm INT / 21mm E
H3062F	19-20mm INT / 26.5mm E
H3063	25mm

TAP ADAPTOR MALE

20mm threaded male quick release connector to connect hose pipe with female quick release tap connector

H3061	19-20mm INT / 26.5mm EXT
-------	--------------------------

WASHER SET FOR HOSE CONNECTORS

Washer set for the replacement of the 1/2" coupler washers

H3047	1/2 Inch
-------	----------

WASHER 3 PIECE SET FOR HOSE CONNECTORS

Washer set 3 piece for the maintenance of tap connector fittings

H3046	3/4 Inch
-------	----------

HAND SPRAYER ADJUSTABLE PLASTIC

Small compact hose nozzle for cleaning and watering that can be adjusted to spray a jet or fine fan depending on the application

H2501	
-------	--

METAL PISTOL SPRAYER

Convenient metal nozzle for cleaning and watering that can be adjusted to spray a jet or fine fan depending on the application

H7006	
-------	--

METAL PISTOL SPRAYER 6 PATTERN

Adjustable sprayer with 6 different spray patterns for different watering and cleaning applications

H7005

SPRAYER FAN HAND PLASTIC

Wide sprayer head that provides a gentle water flow for the spraying of delicate plants. Gives a rain type effect.

H2037

PLASTIC PEG FOR SPRINKLER

Plastic spike for mounting of sprinklers. Includes the coupling on the side of the peg.

H2700A

STEEL PEG FOR SPRINKLER

Metal spike with 15mm female threaded fitting for the attachment of sprinkler heads. Spike holds sprinkler firmly in the ground

H2600

SLEDGE BASE PLASTIC

Plastic sledge type base to attach sprinkler head onto. Helps with the balancing for use in gardens.

H2900B

SLEDGE BASE PLASTIC FOR SPRINKLERS

Plastic sledge type base to attach sprinkler head onto. Helps with the balancing for use in gardens.

1980661

ADJUSTABLE BRASS
SPRINKLER

Adjustable metal sprinkler head 15mm male thread to fit into suitable stand. Can be adjusted for full or part circle with a radius of 6m at 2 bar water pressure.

H2502B	15 mm
--------	-------

ADJUSTABLE PLASTIC
SPRINKLER

Adjustable metal sprinkler head 15mm male thread to fit into suitable stand. Can be adjusted for full or part circle.

H2501B	15 mm
--------	-------

PYRAMID MIST SPRAYER

Fine garden sprayer in the shape of a pyramid with male quick release garden fitting.

1980121	
---------	--

WASHER 15 MM TAP
CONNECTOR

RJE PLANT BAG GF2 1000 PER PACK

Black plastic plant bag for small plants and trees- commonly used at nurseries.

16110472	GF2	0.75L, 75 x 50 x 180 mm
16110499	GF4	2.5L, 125 x 100 x 225 mm
16110502	GF5	5L, 150 x 125 x 300 mm
16110510	GF6	7L, 175 x 150 x 250mm
16110537	GF7	10L, 175 x 150 x 350 mm

FROST COVER BAG 2 PER PACK

The frost bag is the only frost protection bag available with a pull-string for easy fitment. These bags are re-usable. The thickness is 30g per square meter that is ideal to protect plants (anything thinner does not protect plants at all.)

3360050	1.5m x 3m
3360044	1.8m x 1.7m
3360043	1m x 1.4m

CROP COVER

Crop cover protects against extreme climatic conditions i.e. wind, hail and excessive moisture loss. Crop cover is an ultra light spun bonded, non-woven polypropylene fleece. When laid over crops, it protects the crop from attack by insects, birds, rabbits and small grazing animals.

319110	3m x 10m
319100	3m x 5m

GARDEN TOOLS

KAUFMANN

In the market since 1995,
Kaufmann has been a trusted
partner in providing quality
hardware products, built to get
the job done.

SECATEUR GRAPE

KAUFMANN

Ideal for clean cutting of grape branches off vineyards as well as pruning of plants.

HW0601909

SECATEUR ROSE PRUNER

KAUFMANN

Ideal for the pruning of general garden plants, roses and orchard pruning with auto open blades and lockable handles for storage.

HW0601608

SECATEUR SUNFLOWER

KAUFMANN

Ideal for the cutting of sunflowers as well as pruning of shrubs with auto open blades. Replacement spring available HW0620610

HW0620041

SECATEUR SPRING SUNFLOWER

Replacement spring for HW0620041

HW0620610 70MM

SECATEUR 300

Professional shears for use in vineyards, orchards, or for general garden use. Replaceable blade, anvil and spring. Cast aluminium handles.

HW0601802

SECATEUR BLADE + RIVET

Spare blade for Reli-on 300 HW0601802.

HW0601820

SECATEUR BLADE SET 300

Blade for HW0601802.

HW0601840

SECATEUR SPARE SPRING ONLY 300

Spare part for HW0601802.

HW0601861

SECATEUR 4

General pruning of gardens and orchards. Delivers a clean and precise cut whilst the ergonomic design prevents fatigue and ensures prolonged pruning.

HW0600700

STAR SECATEUR BLADE 4

Spare blade for Star 4 secateurs
HW0600700

HW0600701

AXE WOOD HANDLE

Sturdy 400 mm wooden handle axe with sharp edge used for splitting wood with a hammer edge on the back

HW1851111	0.9kg, 400mm
-----------	--------------

HW1851129	1.8kg, 900mm
-----------	--------------

AXE POLY HANDLE

Sturdy unbreakable polypropylene handle with sharp tapered carbon steel edge used for splitting wood with a hammer edge on the back

HW1851145	0.9kg
-----------	-------

HW1851160	1.8kg
-----------	-------

HATCHET CAMPING STEEL HANDLE

Camping hatchet with tubular steel shaft, sharp edge for splitting wood and hammer edge on back and handy notch for lifting of tent pegs

HW1851136

SHEAR SHEEP ROSA

Professional sheep shearing equipment. High quality carbon steel. Made in South Africa.

HW0640100

SHEAR SHEEP DRUMMERBOY

Professional sheep shearing equipment. High quality carbon steel. Made in Sheffield, England.

HW0640077

SHEAR GRASS

Commonly used for cutting of lawn edges.

HW0640225

SHEAR GRAPE HARVEST

Harvest scissors used mainly to harvest bunches of grapes has a serrated blade edge ensuring a cleaner cut.

HW0601340

SHEAR HEDGE

Long wooden comfort grip handles with steel blades ideal for trimming hedges and grass borders.

HW0640239

SHEEP SHEAR & GRASS

Auto open blades for various applications like trimming flowers, harvesting delicate plants, topping onions during harvest and close shearing of sheep.

HW0640223

EXTENDABLE LOPPING SHEAR

Extendable shears offering more power to cut through high branches when pruning. Comes with a saw and a hook for easy removal of branches.

HW0601916

EXTENDABLE SHEAR SPARE SPRING ONLY

Replacement spring for HW0601916

HW0601920

RAKE DOUBLE PLASTIC WITH HANDLE

For raking of leaves and grass cuttings. Teeth on both sides.

HW1541115

RAKE SINGLE PLASTIC WITH HANDLE

For raking of leaves and grass cuttings. Teeth on one side.

HW1541116

RAKE SMALL PLASTIC WITH HANDLE

Small rake for the raking of leaves and grass cuttings.

HW1541117

RAKE LEAF METAL

Wide fan like rake with flexible metal tines for the raking of leaves.

- Especially effective when used on grass.
- Handle not included but can be found at code HW1540467

HW1540963

HOE WIDE BLADE 263

Mostly used in plantations.

- General application in flood irrigation.
- Wooden handle for this product on code HW1861574.

HW1861506 1600 g

VINE HOE

3 tine metal vine hoe.

- Ideal for use in vineyards and other orchards.
- Handle not included.
- Wooden handle at code HW1851532.

HW1851531 3 Prong

AXE HANDLE

First grade Karri wood.
Splinter free.

**KREEPY KRAULY PUMP FILTER
COMBO P7001**

A Pump Designed for easy set-up in above ground pools, the filtration combo offers an economical solution with user-friendly operation. The combo includes durable top mount plastic filter tank, 4-way multiport valve and swimming pool pump attached with base. Silica sand is used for filter media instead of paper cartridge element , which offers excellent filtration performance with crystal clear pool water.

GUN ASSEMBLY FOR 1200W

Lance handle only. Excludes hose. Lance extension or nozzle. For AO680/1200.

AO680/1205

TURBO LANCE FOR 1200W

Lance to connect onto lance handle complete with male push connector and dirt blasting nozzle. For AO680/1200.

AO680/1202

CONNECTION LANCE FOR 1200W

Lance to connect onto lance handle complete with male push connector and adjustable nozzle. For AO680/1200.

AO680/1204

LANCE ASSEMBLY FOR 1200W

Lance middle extension with female connector to fit male lance and male connector to fit into lance handle. For AO680/1200.

AO680/1203

PRESSURE HOSE FOR 1200W

Pressure hose to connect lance to water outlet. Female thread one side connects to machine and male push connector on the opposite side connects to the lance handle. For AO680/1200.

AO680/1201

GUN FOR 1500W

Lance handle only. Excludes hose. Lance extension or nozzle. For AO680/1400.

AO680/1401

LANCE ASSEMBLY FOR 1500W

Lance to connect onto lance handle complete with male push connector and adjustable nozzle. For AO680/1400.

AO680/1403

MIDDLE LANCE FOR 1500W

Lance middle extension with female connector to fit male lance and male connector to fit into lance handle. For AO680/1400.

AO680/1402

PRESSURE HOSE FOR 1500W

Pressure hose spare. For AO680/1400.

AO680/1405

WHEELS FOR 1500W

Spare wheels for pressure cleaner. For AO680/1400.

AO680/1404

TYLG05 GUN FOR 1800W & 2000W

Lance handle only without hose, lance extension or nozzle. For AO680/1800 & For AO680/2000.

AO680/1822

TURBO LANCE FOR 1800W & 2000W

Lance to connect onto lance handle complete with male push connector and dirt blasting nozzle. For AO680/1800 & For AO680/2000.

AO680/1821

YLG05 LANCE FOR 1800W & 2000W

Lance to connect onto lance handle complete with male push connector and adjustable nozzle. For AO680/1800 & For AO680/2000.

AO680/1820

PRESSURE HOSE FOR 1800W & 2000W

Pressure hose to connect lance to water outlet female thread one side connects to machine and male push connector otherside connects to lance handle. For AO680/1800 & For AO680/2000.

AO680/1826

GUN STOCK FOR 1800W & 2000W

Lance Holder for side of 1800 Watt machines. For AO680/1800 & For AO680/2000.

AO680/1825

DETERGENT BOTTLE FOR 1800W & 2000W

Spare detergent bottle complete with lid. For AO680/1800 & For AO680/2000.

AO680/1823

WHEELS FOR 1800W & 2000W

Spare wheels for pressure cleaner. For AO680/1800 & For AO680/2000.

AO680/1824

COMPRESSORS

ROCKWORTH
CONFIDENCE AT WORK

1CFM = 28.32L/MIN	Drain Valve - Valve underneath Tank to drain water condensation
BAR-Pressure at which air is stored in the Tank	Pressure Switch - Used to Switch Compressor on and off
BAR-Operating Pressure: Pressure at which air can be delivered	NB!NB! Compressors Automatically Switch off when Tank is Full
Belt Drive - Rubber Drive Belt Between Motor and Pully - Lower Noise and Higher Efficiency	
"Relevance of Tank Size - Storage capacity of Compressor to store the air generated, allows Compressor to stay off for a longer period of time once tank is full"

	Portable DIY Compressor suitable for Painting, Cleaning, Air Blowing, Nailing and Stapeling where low air volume is required.	Portable DIY Compressor suitable for Painting, Cleaning, Air Blowing, Nailing and Stapeling where low air volume is required and higher air storage.	Ideal Compressor for farming, slow running "V" Head that delivers high volumes of air with large air storage capacity.	Ideal Compressor for workshops, farming and medium sized factories with high volume air requirements whilst maintaining a degree of portability.	Most ideal for farming with slow running "V" head delivering high volumes of air with large air storage capacity and three phase motor.

COMPRESSOR 4X4 12V

AO620/0412

Ideal Compressor to carry in motor vehicle for emergency inflation of tyres, 4x4 uses where deflation and later inflation of tyres is required. Suitable for most vehicles including bicycles and sports equipment. 23 AMP-12 Volt, 150 PSI, 35 L/M with a flow rate of 1.94CFM .

Set includes:

- Extendable coiled high pressure hose
- 150 PSI pressure gauge
- Battery clips for easy connection
- 3 Sports equipment adaptors
- On/Off rocker switch and storage bag

COMPRESSOR MINI AIR 250PSI 12V

AO620/0414

Ideal Compressor to carry in motor vehicle for emergency inflation of tyres. Portable compact compressor, lightweight and easy to operate. 250 Psi 18bar capacity. High pressure gauge, low power consumption.

Set includes

- cord
- plug
- air hose
- quick release valve connector
- 2 nozzle adaptors
- 1 ball needle adaptor.

COMPRESSOR ACCESSORY KIT

5 of the most used accessories where you require a tool for spray painting, air blowing, liquid application for cleaning, tyre inflating and air hose

- Consists of:
 - Spray gun, washing gun, air gun, inflating gun, paraffin gun and 4m flexible hose with bayonet connectors.

AO630/309-010 KIT

BLOW GUN

Used for applications where a strong concentrated jet of air is required to blow away dust, water and fine loose particles need to be removed

- Tough and robust.
- Used to clean surfaces of dust, water, etc.
- Made with simple inner parts to avoid troubleshooting.

AO621/0424

SPRAY GUN HIGH PRESSURE

Used for the application of paint where you have high volumes of compressed air available and looking for a professional finish

- Aluminium bowl.
- Light weight.
- Capacity 1litre.
- Nozzle size 1.4mm.
- Maximum usage pressure 10bar.
- Made in Italy.

AO620/0415

INFLATION GAUGE BLOWGUN TYPE L4300

Tyre Inflation gun used for the inflation and deflation of various sizes of tyres, calibrated with Psi and Bar markings

- Gun type air inflator and tire pressure gauge comes with a double chuck. Imported. 0-1200kPa.

AO620/0417/1

PARAFFIN SPRAY GUN

Ideal for applying engine cleaner and various other cleaning liquids or where a jet of water is required

- Adjustable nozzle.
- Tank capacity 1litre.
- Can be used with almost any degreaser or cleaning agent.

AO620/0416

TYRE AIR PRESSURE GAUGE METAL

For the checking of tyre pressures when having to deflate or inflate tyres without having a tyre inflation gun with built in gauge

- Metal body and acrylic lens with a pressure lock needle and pressure release button. 0-100PSI 0.5-7.5Kg/cm

AO625/0437

SPRAYGUN ACCESSORY KIT

This set is ideal for the conversion of existing air tools air fittings and compressors to be used with Rockworth tools on other compressors visa/versa

- Accessory kit consist of:
 - female quick coupler
 - 4 nitto type 1/4PT male quick plugs
 - air chuck
 - 2 hose connectors
 - 2 nitto type 1/4PT female quick plugs
 - 1 safety nozzle
 - 1 inflation needle *
 - 1 blow gun
 - 1 tyre gauge

AO630/309-011 KIT

COUPLER HOSE SET

Ideal set for setting up extension air hose.

- Attach air tools, air chucks, blow guns etc.
- Connect threaded end of coupler to air hose.

AO630/309-015 SET

COUPLER MALE 1/4 TO SWAGE

6.3mm tail to fit into air hose with 1/4 thread male for the connection of quick coupler or to connect directly to compressor

- Precision-made.
- Can be used for air lines, compressors, etc.

AO710/0334/P 6.3mm

COUPLER PRESS-IN TO MALE

For the conversion of existing air tools to be used on the Rockworth coupler system 2x 1/4 male thread nipples

- Precision-made.
- Can be used for air lines, compressors, etc.

AO710/0180 1/4 Inch

COUPLER PRESS-IN TO SWAGE

To enable air hose to connect into Rockworth coupler 2x 6.35mm hose tail ends with male coupler nipple

- Precision-made.
- Can be used for air lines, compressors, etc.

AO710/0182/P 6.3mm

COUPLER QUICK FEMALE & PRESS-IN MALE

1x 1/4 Male thread nipple with 1x 1/4 female thread coupler to enable conversion to Rockworth coupler system

- Consists of AO710/0180 and AO710/0040. Prepacked.

AO710/0060/P 1/4 Inch

COUPLER QUICK TO FEMALE

2x Quick couplers

- Female couplers with 1/4 female thread for use on conversion of compressors and hose with 1/4 male thread to Rockworth coupler system.

AO710/0040/P 1/4 Inch

COUPLER REDUCER

Threaded reducer 1/2 to 1/4 so as to add Rockworth 1/4 female threaded fittings to various air tools and compressors

- Precision-made.
- Can be used with air lines, compressors, etc.

AO710/0037/P 1/2 - 1/4 Inch

COMPRESSOR AIR FILTER

To ensure the filtration of air being pulled into the compressor head for re distribution to air tools

- Essential to ensure only clean air is drawn into the compressor pump to ensure optimum performance and life of the pump.

HW2040083 100/200L

HW2040084 150L

HW2040082 25L/50L

COUPLER QUICK TO MALE

Male couplers with 1/4 male thread for use on conversion of compressors and hose with 1/4 female thread to Rockworth coupler system

HW2040080 1/4 Inch

COMPRESSOR DRAIN VALVE

Valve used underneath the compressor tank for the draining of condensed air/ water caused by the pressure of air inside a tank

- Essential for draining water build-up in tank and releasing compressed air from tank for maintenance and storage,

HW2040085	100/150/200L
-----------	--------------

COMPRESSOR PRESSURE SWITCH

Automatically switches off the motor of a compressor when the air pressure inside the tank reaches the set value avoiding damage to motor and tank

- This enables the compressor to maintain a constant pressure by controlling at what pressure the pump must be activated as well as controlling the maximum pressure.

- Suitable for all size compressors

HW2040086	ALL SIZES
-----------	-----------

COMPRESSOR REGULATOR

Regulates the air pressure being delivered from the compressor tank to enable you to maintain a constant desired pressure

- Allows the operator to set the optimum pressure, leaving the compressor, for the tool being used.
- Suitable for all size compressors

HW2040087	ALL SIZES
-----------	-----------

OIL BREATHER PLUG

Seals the oil filler hole so as to avoid oil escaping whilst running at the same time allowing any built up pressure to escape from the sump

- Eliminates back pressure in sump caused by piston action so allowing correct flow of oil essential for the life of the pump.

HW2040089	100L/200L
-----------	-----------

HW2040088	25L/50L
-----------	---------

OIL GLASS

Clear glass on side of sump marked with the required oil level so as to view oil level inside the sump

- Allows operator to keep oil level at the correct level so ensuring maximum life of the pump.

HW2040090	25/50/100/200L
-----------	----------------

PRESSURE GAUGE

Clear glass on side of sump marked with the required oil level so as to view oil level inside the sump

- Allows operator to keep oil level at the correct level so ensuring maximum life of the pump.

HW2040091	42 x 25mm
-----------	-----------

HW2040092	54 x 25mm
-----------	-----------

POWER TOOLS

ROCKWORTH
CONFIDENCE AT WORK

CORDLESS DRILL / DRIVER SET

HW1980001

18V Lithium-Ion Battery Operated Drill/Driver

- 2 Speed Gearbox 0-350 / 0-1350 RPM
- 15 - 30Nm Torque Force
- 10mm Plastic/Metal Keyless Chuck
- Metal Drilling Capacity up to 10mm
- Wood Drilling Capacity up to 20mm
- Variable Speed Switch with Forward and Reverse Function

REPLACEMENT BATTERY

HW1980002

18V Lithium-Ion 2.0AH Replacement Battery, CLIP-IN System.

Packing List -
1 x ROCKWORTH 18V Lithium-Ion 2.0AH Battery.
1 x ROCKWORTH Colour Carton Box

REPLACEMENT CHARGER

HW1980003

18V Replacement Transformer / AC Charger

Packing List -
1 x ROCKWORTH External Charging System (2 Hours - 0 - 100%).
1 x ROCKWORTH Colour Carton Box.

CUTTING & SANDING

ROCKWORTH
CONFIDENCE AT WORK

**CUTTING DISC SLIMLINE STEEL
(5 PACK)**

Metal Cutting Discs are manufactured using Aluminium Oxide grain with a resin bond which offers long life and excellent stock removal. Slim Line cut-off wheels (1mm - 2mm) give maximum utility and cutting capacity. Suitable for all metal types including stainless steel and cast iron. They must never be used for grinding and must always be presented to the workpiece at an angle of 90 degrees.

HW2040072	115mm x 1.0mm x 22.23mm
HW2040078	230mm x 2.0mm x 22.23mm

**CUTTING DISC STEEL 115MM
(5 PACK)**

Metal Cutting Discs are manufactured using Aluminium Oxide grain with a resin bond which offers long life and excellent stock removal. Suitable for all metal types including stainless steel and cast iron. They must never be used for grinding and must always be presented to the workpiece at an angle of 90 degrees.

HW2040074	2.5mm x 22.23mm
HW2040076	3.0mm x 22.23mm

**CUTTING DISC STEEL 3.0MM
(5 PACK)**

Metal Cutting Discs are manufactured using Aluminium Oxide grain with a resin bond which offers long life and excellent stock removal. Suitable for all metal types including stainless steel and cast iron. They must never be used for grinding and must always be presented to the workpiece at an angle of 90 degrees.

HW2040010	230mm x 3.0mm x 22.23mm
-----------	-------------------------

CUTTING DISC SLIMLINE STEEL

Metal Cutting Discs are manufactured using Aluminium Oxide grain with a resin bond which offers long life and excellent stock removal. Slim Line cut-off wheels (1mm - 2mm) give maximum utility and cutting capacity. Suitable for all metal types including stainless steel and cast iron. They must never be used for grinding and must always be presented to the workpiece at an angle of 90 degrees.

HW2040002	115mm x 1.0mm x 22.23mm
HW2040008	230mm x 2.0mm x 22.23mm

CUTTING DISC STEEL 115MM

Metal Cutting Discs are manufactured using Aluminium Oxide grain with a resin bond which offers long life and excellent stock removal. Suitable for all metal types including stainless steel and cast iron. They must never be used for grinding and must always be presented to the workpiece at an angle of 90 degrees.

HW2040004	2.5mm x 22.23mm
HW2040006	3.0mm x 22.23mm

CUTTING DISC STEEL 3.0MM

Metal Cutting Discs are manufactured using Aluminium Oxide grain with a resin bond which offers long life and excellent stock removal. Suitable for all metal types including stainless steel and cast iron. They must never be used for grinding and must always be presented to the workpiece at an angle of 90 degrees.

HW2040009	230mm x 3.0mm x 22.23mm
HW2040011	350mm x 3.0mm x 25.4mm
HW2040012	400mm x 3.0mm x 25.4mm

**DIAMOND WHEEL
CONTINUOUS RIM**

Continuous Rim Diamond Wheels are manufactured using industrial grade diamonds pressed to a metal body. The continuous rim allows for even cuts into all types of ceramic and glass such as porcelain, general ceramic, glass and marble.

HW2040068	115 mm
HW2040069	230 mm

RESIN FIBRE DISC - 115MM

Resin fibre sanding discs are manufactured using Aluminium Oxide grain applied on a fibre backing pad with a heat resistant resin bond for high performance. Rubber backing Pad with flange nuts are required when using the fibre discs for surface preparation. Long life and fast stock removal on metal and iron. Suitable to use on Steel, Stainless Steel, ferrous metals, plastics, wood, fibreglass, painted and rusted surfaces.

HW2040017	P24
HW2040018	P36
HW2040019	P60
HW2040020	P80
HW2040021	P100

**DIAMOND WHEEL SEGMENTED
RIM**

Segmented Rim Diamond Wheels are manufactured using industrial grade diamonds pressed to a metal body. The segmented rim allows for aggressive cut into all types of masonry such as concrete, cement, stone and brick.

HW2040066	115 mm
HW2040067	230 mm

CUTTING DISC MASONRY

Masonry Cutting Discs are manufactured using Silicone Carbide grain with a resin bond which offers long life and excellent stock removal. Suitable for all masonry types including Concrete, Cement and Bricks. They must never be used for grinding and must always be presented to the workpiece at an angle of 90 degrees.

HW2040013	115mm x 3.0mm x 22.23mm
HW2040014	230mm x 3.0mm x 22.23mm

**FLAP DISC ZIRCONIA OXIDE
115MM**

Flap sanding discs are manufactured using Zirconia Oxide grain applied to a fibreglass backing pad using a powerful adhesive. Zirconia Oxide is heat resistant allowing surface preparation on Stainless Steel. Suitable to use on Steel, Stainless Steel, ferrous metals, plastics, wood, fibreglass, painted and rusted surfaces.

HW2040022	P40
HW2040023	P60
HW2040024	P80
HW2040025	P120

GRINDING DISC STEEL

Metal Grinding Discs are manufactured using Aluminium Oxide abrasive grit with fibreglass reinforcing and resin bonded to provide both safety and optimum cutting performance. Use in stock removal applications on ferrous and non-ferrous metal. By presenting the disc to the workpiece at an angle of 45 degrees, the most efficient results are achieved.

HW2040015	115mm x 4.5mm x 22.23mm
HW2040016	230mm x 6.0mm x 22.23mm

SPANZEC MASONRY DISC C16

Masonry Grinding Discs are manufactured using Silicon Carbide for profiling masonry. The discs are semi-flexible to durability. Suitable applications include reduction and levelling of surface imperfections in concrete but can also be used with marble, granite and cast iron.

HW2040026	115 mm
HW2040027	180 mm

BENCH GRINDING WHEEL 20X31MM A36

Bench Grinding Wheels are Manufactured using a combination of Silicone Carbide and Aluminium Oxide. Suitable for cleaning and profiling and sharpening all metal types. A36 is a coarse profile. General Purpose Application. A36 Profile.

HW2040028	150mm x 20mm x 31mm
HW2040029	200mm x 20mm x 31mm

ECONOMY SANDING ROLLS

Rockworth Economy Sanding Rolls are manufactured using Aluminium Oxide applied to a heavy-duty paper backing for hand use or lathe work on metalwork and for final polishing of metal. The sheets can be cut to any shape or size making them extremely versatile for use in a wide variety of applications.

HW2040057	P80 - 50m Roll
HW2040058	P120 - 50m Roll
HW2040059	P180 - 50m Roll

FLOOR PAPER SANDING ROLL

Rockworth Floor Sanding Rolls are manufactured using Aluminium Oxide applied to a paper backing. The sheets can be cut to any shape or size making them extremely versatile for use in a wide variety of applications. General Purpose.

HW2040062	P40 - 1m Roll
HW2040063	P60 - 1m Roll
HW2040064	P80 - 1m Roll
HW2040065	P100 - 1m Roll

EMERY SANDING CLOTH

Rockworth Emery Sanding Cloth Sheets are manufactured using Aluminium Oxide applied to a heavy-duty cloth backing for hand use or lathe work on metalwork and for final polishing of metal. The sheets can be cut to any shape or size making them extremely versatile for use in a wide variety of applications.

HW2040054	FINE
HW2040055	MEDIUM
HW2040056	COARSE

MASONRY RUBBING BRICK

Made from Silicone Carbide. Suitable for smoothing and profiling concrete and cement.

HW2040060	MEDIUM - C46
HW2040061	COARSE - C24

WATER PAPER SHEETS

Rockworth Water Paper is manufactured using Silicone Carbide - A flexible latex impregnated waterproof backing paper coated with abrasive. Used wet or dry for sanding paint, primer and body filler. Coarser grades are ideal for removing major imperfections. Finer grades achieve a very fine finish for final painting. Super Fine grades allow exceptionally fine finishes to be achieved especially when used wet. These sheets can be cut to any shape or size, making them very versatile for use in assorted applications.

WELDING

STRIKE-ARC

WELDING MACHINES

Product Code	SA140	SA160	SA200
Description	Strike-Arc 140 Amp Inverter Welder Kit.	Strike-Arc 160 Amp Inverter Welder.	Strike-Arc 200 Amp Inverter Welder.
	DC Inverter Welding Machine.		
	TIG Welding Function Compatible. (TIG Accessories NOT Included)		
	Complete DIY Package, Ready to Use, Very Convenient.	Ready to Use, Very Convenient.	
	IGBT module technology. Compact and portable, easy and simple to operate. Start arc easily, stable welding arc, deep weld pool and beautiful welding shape. Hot striking arc current is adjustable which can greatly improve the arc-starting function. Over-voltage protection, under voltage protection, over current protection, overload protection.		
Packlist	<ul style="list-style-type: none">• SA140 inverter Welding Machine• Non-Adjustable Auto Darkening• Welding Helmet• Electrode Holder & 1.5M cable• Earth Clamp & 2.0M cable• 1 Set of Chrome Leather Welding Gloves• Chipping Hammer & Wier Brush• Owner's Manual	<ul style="list-style-type: none">• SA160 inverter Welding Machine• Electrode Holder & 1.5M cable• Earth Clamp & 2.0M cable• Face Shield• Chipping Hammer & Wier Brush• Shoulder Support Strap• Owner's Manual	<ul style="list-style-type: none">• SA160 inverter Welding Machine• Electrode Holder & 1.5M cable• Earth Clamp & 2.0M cable• Face Shield• Chipping Hammer & Wier Brush• Shoulder Support Strap• Owner's Manual

Technical Parameters

Voltage	230V single phase	230V single phase	230V single phase
Frequency	50/60 Hz	50/60 Hz	50/60 Hz
Current	20A-140A	20A-160A	20A-190A
Cooling Fans	Yes	Yes	Yes
Duty Cycle	60%	60%	60%
Digital Display	not available	Yes	Yes
Connector Size	16-25mm	16-25mm	16-25mm
Over load Protection	✓	✓	✓
Electrode Size	1.6mm-3.2mm	1.6mm-4.0mm	1.6mm-5.0mm
Insulation Class IP	F	F	F

PLASMA CUTTER 10MM CAPACITY

SACUT40

New digitally controlled 10-40 amps Plasma Cutting Machine with advanced inverter technology and high cutting performance.

- Designed for portable repair work and small business project use, CUT-40 Plasma Cutter cuts max severance thickness of 10mm.
- PT31 Type Torch design provides a sure, comfortable grip made from heat and impact resistant material.
- 40 Amp Digital Air Inverter Plasma Cutter handles cuts up to 10mm.
- Designed for both demanding industrial and construction work, or home and hobby use.
- You can cut stainless steel, alloy steel, mild steel, copper aluminium, and other metal materials.
- Less cleaning, maintenance, noxious gases, and less fire hazard, you have simply less overall work and a better, cleaner cut.

Supply Power: 230V/60Hz,
 Rated Input Current: AC-230V/20.8A,
 Cutter Current Range: AC-230V at 10-40A,
 Duty Cycle: 60% at 40A & 100% at 31A,
 Direct Wire, Cooling Method: Fan Air Cooled

Packing List:

CUT-40 Plasma Cutter Machine
 5M (PT31/LG40) Plasma Cutter Gun Assembly
 1,5M Earth Clamp with Cable.
 Water Trap Air Filter.
 Hose & Connector Clamps
 Face Shield
 Instruction Manual"

TRANSFORMER WELDER 180AMP WTH BATTERY CHARGER

SAWB200

180Amp Transformer Welder with battery charger that can be used to weld low-carbon, low-alloy pieces etc.

WB-200 Transformer Welder/ Battery Charger includes:
 Face Shield
 Cord Set (Earth Clamp, Electrode Holder, Welding Cable & Connectors)
 Hammer/Brush
 Battery Charger Positive & Negative cord set
 User Manual

Features:

- Can be used to weld low-carbon, low-alloy pieces etc
- Battery-Changer suitable for different kinds of 12V & 24V lead-acid batteries
- Easy to use due to its small and simple structure

Transformer welding range: 110A to 180A
 Battery charger range: 12V & 24V
 Voltage: 220/240V
 Current: 110-180A
 Duty Cycle: 10%
 Electrode Capacity: 1,6-4mm

1 Year warranty"

WELDING ELECTRODE M/ STEEL

Strike-Arc E6013 Mild Steel Welding Electrodes are a rutile-based carbon steel electrode.

Benefits:

- The electrodes poses good welding usability that enables it to perform all-position welding with ease
- Operates on AC/DC
- Removal of slag is easy
- Stable arc and very good bead appearance
- Easy to operate, which makes re-striking the arc easy

Uses:

Suitable for welding structures made of low carbon steel, performs very well in welding thin and small size steel plates and also has very good performance in the situation that requires nice and clean bead appearance.

070001	2.00mm sleeve
SA60132510	2.5mm sleeve
SA60133210	3.2mm sleeve

SA6013251	2.5 mm x 1kg box
SA60132525	2.5 mm x 2.5kg box
SA6013321	3.2 mm x 1kg box
SA6013325	3.2 mm x 5kg box

BRAZING ROD M15

M15 brazing rods are a general purpose flux coated bronze alloy used for bronze welding, brazing copper, cast iron, steel sheet and for light assembly work. This brass rod is fast flowing and leaves minimal flux residue. The fast flowing nature of the alloy reduces heat input. Suitable for oxy-acetylene welding.

070004	2.5mm sleeve
070005	3.2mm sleeve

BRAZING ROD FLUXCOAT 402

Flux coat 402 is a general purpose alloy suitable for use on most engineering materials.

This flux coated alloy represents the ultimate safety precautions against cadmium fume.

Applications: e.g. food handling equipment, refrigeration and air conditioning industry.

070006	1.5mm sleeve
--------	--------------

WELDING ROD MILD STEEL CCR

General-purpose copper-coated steel rod for gas welding mild steel sheet metal. Copper coated to reduce corrosion. It is widely used in sheet metal work, the heating and ventilation industries, car body repairs and for low pressure piping and plumbing.

070007	2.5mm sleeve
070008	3.2mm sleeve

WELDING ROD CAST IRON

Nickel alloy welding rod for welding cast iron to cast iron and to steel.

It is an all position, basic coated electrode for the welding of cast iron and for joining mild steel to cast iron.

The electrode uses a mild steel core wire and deposits a steel weld metal that tends to rust.

070009	3.15mm sleeve
--------	---------------

BRAZING ROD ALU BRAZE 4047

Aluminium alloy, suitable for use with TIG or as an aluminium brazing rod with gas. Light, ductile, readily worked metal, with good thermal and electrical properties.

070010	3.2mm sleeve
--------	--------------

WELDING ROD STAINLESS ST 316L

Welding rod containing chrome, nickel and molybdenum. Recommended for welding a wide variety of stainless steels. Used for bearing austenitic stainless steel. Type 316L steels are widely used for their good resistance to many acids and general corrosion

070012	2.5mm sleeve
--------	--------------

WELDING ROD DISSIMILAR ST 312

High tensile chromium nickel steel welding rod for welding carbon and low alloy steels together or to stainless steel. 312 is a universal low carbon electrode specifically designed for welding steels of low weldability. Applications include welding austenitic manganese steel, medium and high carbon hardened steels, tools, dies, springs, etc. which may be of unknown steel.

070013	2.5mm sleeve
--------	--------------

CONNECTOR MALE FOR INVERTOR WELDER

Solid brass cable connectors to connect welding cable quickly and easily with a quarter turn. Will not slip or disconnect. Rubber housing insulates the connection. Cable connectors are precision machined to provide a very tight connection onto Strike-Arc inverter welders. Covers are made from temperature resistant material which is not susceptible to rust or corrosion.

391084	Set
--------	-----

WELDING CABLE GREEN 160AMP

An in-and outdoor flexible welding cable. Covered by soft, flexible green PVC. Voltage: 600-1000V. Available in 6m and 12m lengths.

391101	16mm x 6m
391102	16mm x 12m

WELDING CABLE BLUE 250AMP

An in-and outdoor flexible welding cable. Covered by soft, flexible blue PVC. Voltage: 600-1000V. Available in 6m and 12m lengths.

391103	25mm x 6m
391104	25mm x 12m

**WELDING CABLE GREY
300AMP**

An in-and outdoor flexible welding cable. Covered by soft, flexible grey PVC. Voltage: 600-1000V. Available in 6m and 12m lengths.

391105	35mm x 6m
391106	35mm x 12m

**WELDING CABLE KIT GREEN
140-160AMP**

Welding cable kits for DIY to light industrial welders. The 140-160A kit consists of: 2 x 2.5m green flexible welding cable with lugs, a 300A electrode holder with a 300AMP earth clamp.

391107	Kit
--------	-----

**WELDING CABLE KIT BLUE
250AMP**

Welding cable kits for DIY to light industrial welders. The 250A kit consists of: 2 x 2.5m blue flexible welding cable with lugs, a 300A electrode holder with a 300AMP earth clamp.

391108	Kit
--------	-----

**INVERTER WELDER CABLE SET
140-200AMP**

Strike-Arc Inverter Welder Cable Set. Electrode Holder with 2M Cable & Earth Clamp with 1.5m Cable, 16mm Cables fitted with male dins connectors. 140 - 200Amp

SAAC654	Set
---------	-----

CABLE LUG CRIMP

Cable lugs are used to connect the welding cable to the welding machine. Especially used with oil cooled welders. Available in different diameters and cable thickness.

HW2656037	25mm x 10mm
HW2656038	35mm x 12mm
HW2656039	50mm x 12mm
HW2656040	70mm x 12mm

**WELDING HELMET GLASS ONLY
GLASS DARK**

Replacement lens for Strike-Arc flip front welding helmet. 51 x 108mm

HW2650200

WELDING HELMET FLIP FRONT

Flip-Front Welding helmet supplied with shade 11 and fixed transparent shade for vision before welding or for grinding. Ideal for MMA or MIG welding up to 175A.

SASA100G

WELDING HELMET GLASS ONLY PLASTIC CLEAR

Replacement lens for Strike-Arc flip front welding helmet. 51 x 108mm

HW2650210

GLASS CLEAR

HW2650205

AUTO DARKENING HELMET WTH GRINDING FUNC

Strike-Arc SASA380 Auto-darkening welding helmet provides enhanced performance with 2 premium sensors. It offers operator comfort due to its lightweight construction and versatility. With superior performance, durability and flexibility, helmets offer exceptional value in personal welding protection. Adjustable headgear as well as Cutting and Grinding function

- Cartridge Size: 110x90x9mm
- Shade: DIN4/9-13
- View Area: 93x43mm
- Response time (bright to dark): ' < 1/25000 seconds (normal temperature conditions)
- The return time (dark to bright): 0.1S - 1.0S
- Sensitivity (welding based on current size): By infinitely dial knob
- Battery: lithium battery + solar cells
- Replace Battery: No
- UV/IR protection: DIN 16
- Grinding Function: Yes
- ADF Self-check: Yes
- Low Amperage TIG: >10A
- Low Volume Alarm: Yes
- ARC sensor: 2
- Optical Class: 1/2/1/2
- 1 Year warranty
- Package Included
- Auto Darkening Welding Helmet
- Protective Glass Plate (2)
- User Manual

SASA380

AUTO DARKENING HELMET BLACK

Strike-Arc SASA350 Auto-darkening welding helmet provides enhanced performance with 2 premium sensors at an affordable price. It offers operator comfort due to its lightweight construction and versatility. With superior performance, durability and flexibility, helmets offer exceptional value in personal welding protection.

- Cartridge Size: 110x90x9mm
- Shade: DIN3/12(11)
- View Area: 90x30mm.
- Response time (bright to dark): < 1/10000 seconds (normal temperature conditions)
- The return time (dark to bright): 0.4S
- Sensitivity (welding based on current size): Auto
- Battery: lithium battery + solar cells
- Replace Battery: No
- UV/IR protection: DIN 15
- Grinding Function: No
- ADF Self-check: No
- Low Amperage TIG: >20A
- Low Volume Alarm: No
- ARC sensor: 2
- Optical Class: 1/2/1/3
- 1 Year warranty
- Package Included
- Auto Darkening Welding Helmet
- Protective Glass Plate (2)
- User Manual

SASA350

WELDING GOGGLES FLIP FRONT

The flip-front welding goggle features a soft frame with lift up front lens holder and high impact non-chipping lens. The goggles will fit over prescription spectacles. The flip-up portion of the goggle consists of Shade 3 infra-red protective lenses and clear polycarbonate cover lenses. The cover lenses fitted into the goggle are clear impact resistant polycarbonate lenses to offer protection while chipping. This is ideal for the helper and should not be used by a person doing the welding. Always wear a full face welding helmet.

SASA110

LEATHER WELDING GLOVE CUFF GREY/GREEN

All leather welding glove with lining to protect hands against heated surfaces. Lock and back stitched. 280mm long.

SALGW230

LEATHER WELDING GLOVE ELBOW GREY/GREEN

All leather welding glove with lining to protect hands against heated surfaces. Lock and back stitched. 400mm long.

SALGW250

WELDING LEATHER APRON

Chrome Leather welding apron for the protection of the operator and his clothing. Fits comfortably around the neck with buckle fastener at the back. Size: 90cm x 60cm. Offers protection against radiant heat, welding spatter and general body protection.

HW2650216

GLOVE GENUINE LEATHER SOFT

VIP Glove for general purpose - for protection of hands and/or for cold. For the farmer, DIY or for labourer. Tig welding.

HW2653471

WELDING GLOVE DBL PALM BLUE

Premium Blue dyed Welding glove. Gunn cut, wing thumb fully lined with a reinforced palm. 40cm Long. Designed for use in welding related operations.

HW2656044

WELDING SPATS LEATHER P/ PAIR

Chrome Leather ankle spats worn over your safety footwear to protect it from radiant heat and welding splatter

HW2656045

SPECTACLE WELDING/SAFETY GRN SHADE 1.7

Safety spectacles, green shade 1.7 can be used by people helping at the welding site e.g.. The person helping to hold the steel or cleaning the steel. Not suitable for wearing while welding directly.

HW2656048

WELDING SKULL CAP

For protection of the head and neck during welding. Skullcaps are worn under the helmet for additional head and neck protection. It offers good absorption of excess moisture. It is ideal for MIG and Electrical Welding.

HW2656049

WELDING YOKE LEATHER

Genuine leather Yoke for protection of the shoulders and arms during welding.

HW2656051

TIG WELDING GOAT SKIN GLOVE EXTENDED CUFF

Goat grain leather with extended cuff (goatskin). Uses include TIG welding and general handling. Softer than pig leather.

HW2656054

CHIPPING HAMMER

Strike-Arc hardened steel chipping hammer. It is easy to clean and remove slag from your welds with this straight head chipping hammer. The hammer head includes both flat and spike sides. The bullet proof spiral handle includes a hook, making it easy to store on any wall.

SACH007

EARTH CLAMP CROC TYPE

Earth clamp suitable for industrial applications. Dense copper wire braiding design for better performance.

SAEC400	300 Amp
SAEC500A	500Amp

ELECTRODE HOLDER JAW TYPE

Electrode holder suitable for industrial applications. Fully insulated.

SAELH300A	300Amp
SAELH500A	500Amp

WELDING MAGNET LARGE

Arrow Magnetic welding holder holds up to 33kg. Can be used for welding, soldering, assembly, marking-off and pipe installation.

SAWMA50	Small
SAWMA75	Medium
SAMWA110	Large

WIRE BRUSH 6 ROW

6 Row wire brush with wooden handle for general purpose cleaning of steel.

SAWRG250

LIGHTER TRIPPLE FLINT

Triple flint lighter for use with cutting torch or gas welding. Triple flint spark lighter to ignite gas. Replacement kit at code 070024.

070023

LIGHTER FLINT REPLACEMENT 4

Replacement flints for triple flint lighter at code 070023.

070024

NOZZLE CLEANER

Nozzle cleaners for use with gas equipment ensures good and consistent quality performing nozzle.

070025

BRAZING FLUX DIN 8511 F-SH2

Brazing flux is used when brass, bronze, copper, malleable steel and steel is brazed.

HW2656041

PLANOGRAM / SHELF AGREEMENTS AVAILABLE

Contact your sales representative for available shelf agreements and planograms.
