

**MODEL:** 700MG  
**PRODUCT:** Petrol Backpack Blower 43cm<sup>3</sup>

### **Description**

Lightweight backpack blower suitable for users who need a powerful and light blower to work in medium sized areas.

Compact and quiet, it's the ideal blower for gardeners and individuals who work in medium sized gardens and who need a space-saving machine that's easy to carry.

With a new reinforced starter, foam harness and low emission motor it is a practical blower with qualities of a larger displacement blower.
